

PROGRESS EDITION

Homecoming Queen?

WHO WILL SHE BE?

Candidates for this honor so far are:

Marion Senglin, 194th St., Marylin Landru, 41 Denny ave., Gladys Cervenka, Sunny Acres.

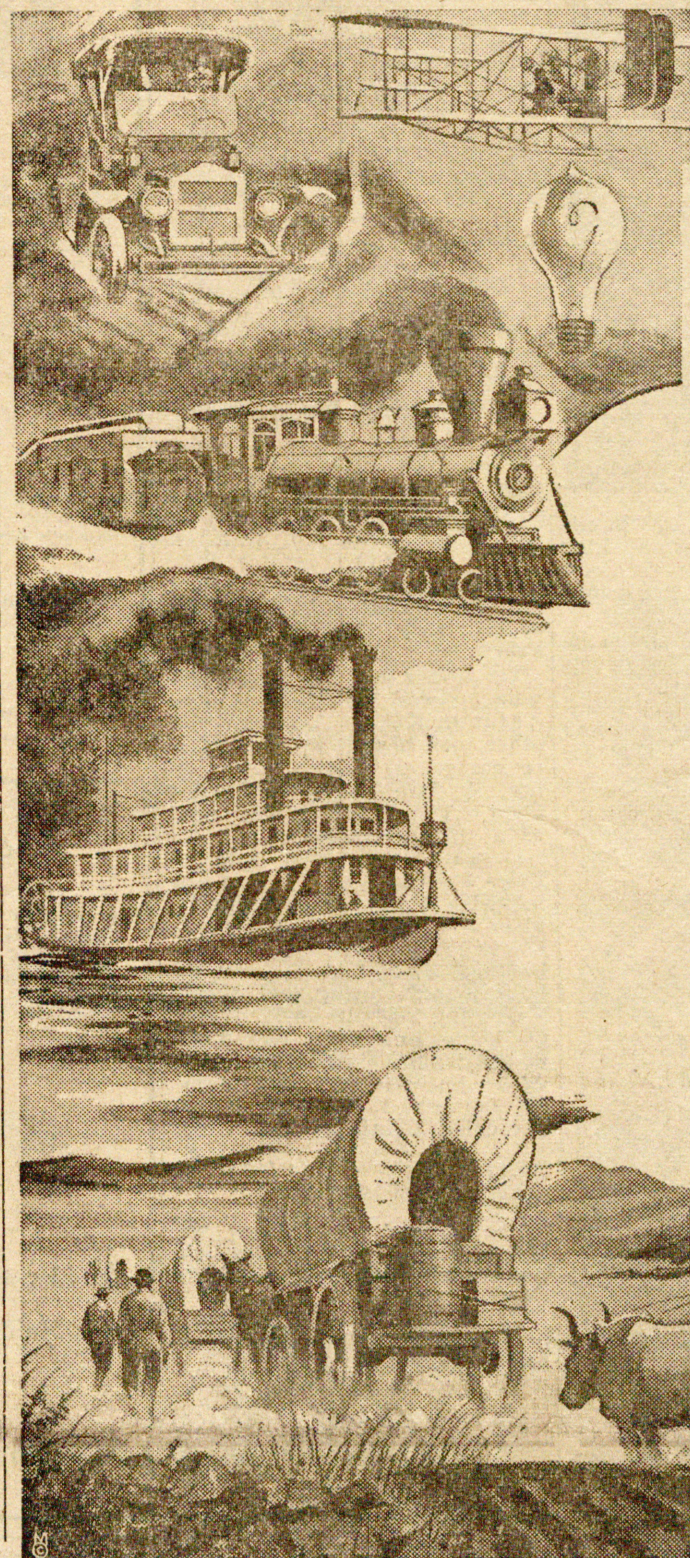

Each one of these girls is anxious for you to vote for her.

Many fine prizes will be given to the winning candidate.

Among the prizes to be awarded at the homecoming, the pair of chinchillas are most unusual and outstanding. This pair has been graciously donated to the cause by Mr. George Carlisle who has established a Hickory Creek Chinchilla ranch south of Mokena.

Interesting to note concerning these valuable small animals, is that all those animals in this country descended from eight animals which were brought to this country about 1900 from their natural habitat in the mountains of South America. They have around 180 hairs from each hair follicle.

Other prizes will be a power mower, side of beef ready for the freezer, boy's and girl's bicycle, fishing outfit, Home utility kit, croquet set, Badminton set, flash camera kit and baseball outfit.

Why has America's industrial and agricultural progress outstripped the rest of the world? Other countries are as rich in natural resources. Some are richer. But in no country have men and women been so free

That's why Americans have more of the good things of life, more income to buy them, more leisure to enjoy them.

Homecoming will open Friday evening August 14 at 7:30 o'clock on Front street in Mokena.

Entertainment for Friday night will be furnished by a local young lady, Donna Schenkel and her dancing pupils.

Starting at 9 o'clock, the auction of white elephant articles and many useful things will go under the hammer of a visiting auctioneer.

Saturday Evening 7:30

Mrs. Hauser's dancing class will give two performances one at 8:30 and the next at 10:30. Mrs. Hauser comes from the Joliet Conservatory of Music and is well known in this area. Also tentative plans are for a street dance Saturday night if all arrangements can be made.

Sunday Afternoon and Evening

Everyone is looking forward to the annual parade, only this year there will be two parades. The regular parade of adults, merchants, organizations etc. will gather at the Robinson corner at 1:30.

The Drum and Bugle corp of the Wm. Martin Post VFW will furnish music and also the Drum and Bugle corps from Manteno. They are well worth hearing.

Following the big parade, the children and pets will start their parade from Wolf road and go east on Front street for several blocks.

Mrs. Milton Heitzman of Plainfield will present musical cartoons at 8:30 p.m. Mrs. Heitzman, whose husband is pastor of the Methodist church in Plainfield, always receives much acclaim when she presents these outstanding cartoons. She furnishes her own accompaniment.

At 10:30 p. m. Barbara Reich, a student of Otto Mattei of Joliet will give marimba selections. These are always pleasing.

The Homecoming will come to a close with the awards being given starting at 11 p.m.

14 Annual

HOMECOMING

AUGUST 14, 15, 16

Mokena is very old. The first pioneer settlers established themselves in this area not long after the covered wagon caravans ceased creaking westward in their quest for gold. Timber wolves then howled in the open spaces, and the Pottawatamie Indians were close by.

While we pause for a moment to pay homage to our sturdy pioneer forefathers who laid the groundwork for the Mokena of today, we wish to point out that the history of in Homecoming editions of years gone by Mokena has been covered again and again and there is now little more to tell, except, here and there, to gather up loose ends.

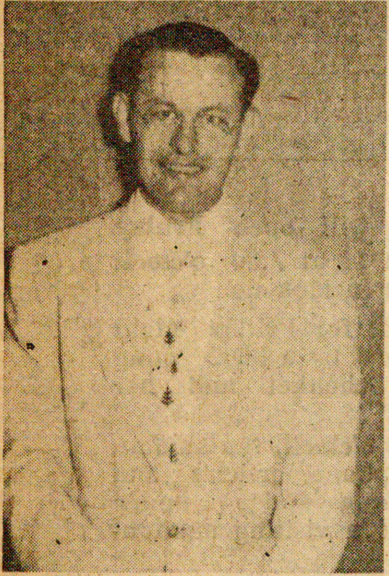

Therefore, this Homecoming edition will be devoted mainly to the men and women

who are currently engaged in carrying on the business of Mokena. Some are comparatively new here; others have been here for a long time; but, old, or new, these men and women hold in their hands the future of Mokena, as most of them are inseparably linked with its past. They are deserving of the support of every citizen of this community.

It is our sincere hope that everyone in this area, and those who return to renew old ties, will enter into the spirit of this Homecoming, and that Front Street will be a carnival of fun and fellowship such as it has never been before. For three glorious, golden days let joy be unrestrained! To each and all the band of welcome and friendship is extended. Have a good time!

W. A. Muehler Insurance

Mr. Muehler has an office in his home on the corner of Wolf road and Front street, Mokena, where he maintains an insurance business.

News-Bulletin 1 min. Polaroid photo with all phases of the work—repertorial and editing as well as job printing.

Born May 18, 1889, in Joliet, Margaret Oestreich attended the public schools in that city and was a member of the second class entering the then new Joliet Township High School. Because of a heart ailment, she was confined to bed for a year and a total invalid for 7 years. At that time her physician said one thing she never could do was to accept responsibility. She spent a winter in Quincy, living with her sister, Mrs. William Campbell, where she attended the National Business college.

Mrs. Semmler is now grateful for her present good health which enables her to take on more responsibilities than she ever dreamed of in earlier years, but realizes that without the assistance of her family she would not be able to carry on this publishing business.

She has two children, Adeline and Ada (Mrs. Ray Westlund).

The News-Bulletin

Mrs. Margaret M. Semmler, editor and publisher of The News-Bulletin has worked in that capacity since the death of her husband, the late William Semmler, in June 1946.

Mrs. Semmler worked with her husband from the beginning when they established the paper in 1919, and was well acquainted

News-Bulletin 1 min. Polaroid photo with all phases of the work—repertorial and editing as well as job printing.

Born May 18, 1889, in Joliet, Margaret Oestreich attended the public schools in that city and was a member of the second class entering the then new Joliet Township High School. Because of a heart ailment, she was confined to bed for a year and a total invalid for 7 years. At that time her physician said one thing she never could do was to accept responsibility. She spent a winter in Quincy, living with her sister, Mrs. William Campbell, where she attended the National Business college.

Mrs. Semmler is now grateful for her present good health which enables her to take on more responsibilities than she ever dreamed of in earlier years, but realizes that without the assistance of her family she would not be able to carry on this publishing business.

She has two children, Adeline and Ada (Mrs. Ray Westlund).

Adeline is a first class linotype operator, and works regularly in the printing shop. Ray Westlund is advertising representative for the Semmler Newspapers, serving Orland Park, Tinley Park and New Lenox. When not engaged in this part of the work he is busy in the shop, where he does all kind of printing work, with the exception of linotype. Also working in the shop is Martin Medema, Mokena, who is the foreman of the shop and advertising representative for part of Mokena and Frankfort. There are also 4 other employees.

The Semmlers and Westlunds live together in their home on First street immediately north of the printing plant, and Mrs. Westlund keeps house for the family, and assists in the shop in rush periods.

Three years ago an addition was built on the east side of the 104 year old building which was built by Mr. Semmler's grandfather in 1849. Mrs. Semmler purchased a larger press, a No. 1 Miehle, on which the three weekly newspapers were printed four pages at a time, instead of two pages of a time, as previously.

About the first of this year, to meet the pressing demands for job printing, a No. 5 Little Giant press was added to the equipment, an automatic job press which considerably expedited this branch of the operation. Just completed is a large concrete block building, adjoining the old building on the north. This new building, which has a pit, is fluorescent lighted and houses the Duplex press on which the News-Bulletin, Tinley Park Times and Orland Park Herald are printed and automatically folded each week.

An open house for inspection of the plant is being planned for Newspaper Week, Oct. 1 to 8.

Eleanor's Beauty Shop

Mrs. Eleanor Smiel established her beauty parlor in Mokena in 1951 in the building on West front street, where she operated her beauty shop until this spring, when she moved to her own place, where they had built on to their home an addition which was converted into a beauty parlor. Her home is at 115th and Hamilton road, where she lives with her husband, Joseph and sons Dalbert and Joe, Jr.

Mrs. Smiel was born in Chicago, where, until a few years ago she was a beauty operator since 1934. In 1942 she and her husband bought two acres a 115th and Hamilton road, west of Mokena, and five years later built their home there. Upon its completion they moved their family to Mokena, where they have been since.

Eleanor's Beauty Shop is a modern beauty shop in every respect and enjoys an excellent patronage.

(Editor's Note). We are sorry to omit the picture of Mrs. Smiel in this article, for some unknown reason it has become lost in the maze of material for this edition.

John Scarth Mokena Wallpaper

Among outstanding industries in Mokena is its Wall Paper mill where a large quantity of excellent quality and patterns are printed and shipped all over the country every year.

This company was started in June of 1941 when incorporation papers were issued by secretary

of state to J. R. Scarth of Mokena, William D. Rourke and W. C. Brockman of Joliet. The company bought the former Mitchell brewery and started at once to remodel it into a wallpaper factory. Presses were installed and all other necessary equipment and operation in printing wall paper was started within a few weeks.

John Scarth was master mechanic for 20 years, Mr. Rourke superintendent and Mr. Brockman was assistant supervisor of the United Wallpaper company in Joliet.

Mr. Scarth lives with his wife Marguerite and son in their home built a few years ago in the Mineral Springs subdivision. Beside his work at the wallpaper mill, he is president of the village board and a member of the board of education of the Mokena Public school.

We Are Sorry

In this homecoming edition in which we are paying homage to Mokena's businessmen of today, we are sorry that few have been omitted. They are those who were called many, many times and either we received no reply or were promised the necessary material. The rush of life crowds everyone sometimes or other and that is the reason one or two were unable to contact us.

We hope everyone will enjoy this edition in which we have put a great deal of effort.

THE EDITOR

Welsch Lbr. and Supply Co.

The Welsch Lumber & Supply Co., opened their place of business in Mokena in January, 1950. At that time they had their headquarters in what is now the Noble Variety Store until their own warehouses and offices were completed.

Proprietors of the business are Walter W. Welsch and Elias A. Brown of Joliet. Mr. Welsch was born in Joliet, January 28, 1899,

where he attended the public schools, Joliet Township high school and the Chicago Tech college. He served with the armed forces in World War 1.

Upon his return to Joliet he entered the concrete products business under the name of the Welsch Waterproof Block company. This he sold in 1939 and went into the lumber business

under the name of Joliet Cash and Carry Lumber Co. On coming to Mokena he sold his interest in that business and entered into a business association with Mr. Brown.

Elias Brown was born in Warren, Minn., December 2, 1912. After graduating from high school he attended the Northwestern School of Commerce in Portland, Oregon, where he was employed in the lumber industry. He came to Joliet in 1939 and was associated with the Joliet Cash and Carry Co. where he met Mr. Welsch. He gained a splendid lumber experience while living in the midst of it in the Oregon timberlands, which afforded an excellent opportunity to learn all about lumber right from the first source, nature.

Their business was so good in their temporary quarters in Mokena that as soon as they could get material they built their large, modern offices and warehouses on Wolf road at the Rock Island tracks, where they have been afforded by this area a large and expanding business.

Beside Mr. Welsch and Mr. Brown they are assisted by John Balaz and Carroll Roberts, invoice clerks, Robert Wilkerson, estimator, Roy Erdman, yard foreman, and truck drivers Walter Spiess, Phillip Rauch and Gerald Walters.

L. Brownlee Co.

This is an industry located on South Wolf road, with a factory which has 3000 sq. ft. of floor space. Leslie Brownlee is the owner and designer. Mr. Brownlee has designed and patented somewhere around 20 articles,

among which is the Skipper Weed Cutter with rotary weed-cutting attachment for garden tractors.

The appliances which Mr. Brownlee invented and patented are all being manufactured in Mokena, and are sold through local dealers, and also through the stores of Montgomery Ward & Co. Only local help is employed.

Mr. Brownlee was born on a farm in Mercer County, Ill., in 1899. (Mercer county is famed for its black Angus cattle.) In 1926 he left the farm and went to Chicago, where he worked for the Buick Motor Co. as a mechanic. Later he became associated with the Dries & Krump Co., in Chicago in the capacity of efficiency engineer for 14 years.

In 1941 Mr. Brownlee and wife moved to New Lenox. About that time he and two other men bought the Ben Mager garage at Mokena, converting it into a manufacturing plant. The building was used as a manufacturing plant for two years, and then sold to Dries & Krump, of Chicago, who moved their manufacturing plant from Chicago to this plant. Following this sale Mr. Brownlee built a plant of his own for light manufacturing and also a home. In 1948 he moved into the home on South Wolf road, which is his present residence. The business was incorporated January 1, 1949, as the L. Brownlee Company.

TAKEN FROM OUR FILES 25 YEARS AGO

The annual picnic of St. Mary's Catholic church was held Sunday afternoon August 28 in Cappel's grove.

The Mokena Bruins took second game from Frankfort Sunday by defeating them 8 to 7.

Cook county board of commissioners are planning to let contracts for the building of Wolf Road from 143rd street Orland township, south to the Will-Cook line north of Mokena. Bids will be opened after Labor Day.

Mokena Postmaster

Mrs. Margaret M. O'Brien, postmaster at Mokena, was born in Mokena in 1906, the daughter of Mr. and Mrs. Ed Maue. After attending the Mokena public school and graduating from the two year high school at Mokena,

she worked five years in Chicago as clerk in the Fair store.

It was August 1, 1934 when she was assigned postmaster which she has maintained since. When taking the local post office, it had a patron list of 600 which included the village and rural area, and was a third class office. In 1951 it was changed to second class and has a patron list of 3000 including the rural. There have been many lock boxes added but still there is a large waiting list.

This growth of the postoffice shows the large growth of this community and area.

Mrs. O'Brien lives across the street from the post office with her husband Francis.

Wannemacher Store

George Wannemacher, proprietor of Midwest grocery store on Front street, Mokena, is a native of Mokena, having been born on a farm west of Mokena April 5, 1886. His parents were Mr. and Mrs. John Wannemacher.

er. When he was six years of age they sold the farm and bought the Charlie Moriarty tavern, which his father operated until his retirement in 1925. Then George took over the business and started a grocery store which he has successfully run ever since. Two years ago he enlarged his store and put in a modern meat market.

Mr. Wannemacher has served Mokena in the line of civic duty having been village trustee for six years about 30 years ago.

Hunter Foundry Co.

This company, which is incorporated, represents a new kind of industry which has recently moved to this area. President is Walter Hunter, who lives with his family in Beverly Hills, Chicago.

Mr. Hunter was born in Moline in 1893, and followed the foundry business at the close of World War I. During that war he worked in the Rock Island arsenal, at Rock Island, Ill., and at the close of the war moved to Chicago where he worked in the Chicago Foundry. Later he became superintendent of the

Manufacturers' Brass Foundry in Chicago, which position he held for 10 years.

In 1937 Mr. Hunter established his own brass foundry in Chicago, known as the Hunter Foundry Co. In January of this year he bought the building adjoining the wall paper mill on the south, on Wolf road, and moved his foundry to Mokena.

Here they manufacture brass and aluminum castings. About 90% of their work is production for defense—guns, signals and radar parts. They employ 25 people here now, about 50% of whom are local people who are learning the trade.

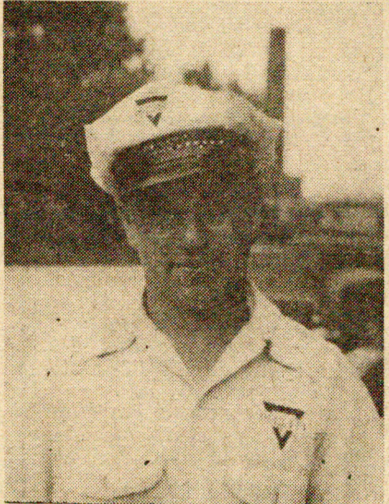

If business continues to be good, as it is now, Mr. Hunter plans to move his family to Mokena within the next year. They maintain an office in Chicago at 11059 South Hale avenue.

Walter Hunter is president of the corporation and his son, in law, William Prindiville, is vice president. He also lives in Beverly Hills. Mr. Hunter's nephew, Warren Loding, is plant superintendent, and Miss Betty Dellzell, who is located in the Chicago office, is secretary-treasurer.

Mr. Hunter extends a cordial invitation to anybody, at any time, to come and visit the plant and see how a foundry is operated.

Florey's Service Station

The new gas station corner Wolf road and Front street, Mokena, has been leased by Charles Florey of Mokena. This is a great improvement at this corner, for the building that has been there for nearly 100 years has

News-Bulletin 1 min. Polaroid photo passed into history with the coming of the modern gas station. Elsewhere in this issue will be found a picture of the station.

Charles Florey was born in Tuscola, Ill. in 1918 on a farm. When he was five years old his parents gave up farming and moved to Charleston. They only lived there five years until they moved back to another farm south of Charleston. There he lived until his marriage with the former Miss Betty Knupp. Together they farmed a while and then moved to Joliet while he worked for his wife's uncle, Jacob Knupp at New Lenox.

After serving a year in the navy in World War II he came to Mokena and lived in Woodland circle while he was employed by Les Brownlee in the manufacturing business. While in New Lenox he also worked for the New Lenox Lumber and Hardware Co., and when Sheldon Hauck of New Lenox built the gas station in Mokena he leased it to Mr. Florey. He lives now in his own home in Sunny Acres with his wife and two children. Mrs. Florey helps her husband in the work at the station, where cars are washed and greased.

Police Chief Whitney Carter

Whitney W. Carter has been chief of police for the past several years and is doing a good job in policing the area keeping order and apprehending those who oppose law and order as set forth by the laws of the land

News-Bulletin 1 min. Polaroid photo When one stops to think of it, it is not a strange thing that decent people need to have such an officer to see that we citizens do not violate our own laws in such a way that brings harm to our neighbors?

Mr. Carter lives with his wife and son on Front street, Mokena.

Joseph Hofmann, the musician is also an inventor.

The real name of George Sand the writer, was Mme. Dudevant.

Lake Mead at Boulder Dam is the largest artificial lake in the world.

Cooper & Hostert Garage

The Cooper & Hostert garage was established in September, 1915, when Elmer Cooper and Barney Hostert formed a partnership and built a garage on First street. They serviced auto-

mobiles and had the agency for Ford cars. This was 37 years ago.

A few years later their business had expanded considerably and they bought the building they are now in from the late George Hacker, which had been occupied for a short time by Helmut and Hentsch garage. They have been at this business ever since, and business has been good. They have added a parking lot, and are now handling Ford farm implements, in addition to Ford and Mercury cars.

Elmer Cooper was born in Orland township July 14, 1879, on a farm. When he was a year and a half old he moved with his parents to the farm now occupied by Charles Erickson, just north of Mokena, on Wolf road. He attended the district school now known as the Maue school. Following his marriage with Miss Ella Lauffer, they went farming at Goodland, Ind., where they farmed for seven years.

They moved to Mokena, in February, 1917 to the farm of the late Emil Krapp where they farmed for 8 years.

Barney Hostert was born on a farm March 8, 1892, in Homer township. When he was 19 years of age he worked for Elmer Cooper on their farm at Mokena. Then Mr. Cooper moved to Mokena, and later he and Mr. Hostert formed the partnership mentioned above. They now have six regular employees and employ extra help when they have more work than the regular force can conveniently handle.

Mr. Hostert lives on Wolf road with his wife, the former Viola Lauffer. They have five children, and one of his sons, Arthur, works in the garage. They also have seven grandchildren. Mr. Hostert has not been at his regular work in the garage for the past few months, because of a heart condition.

Elmer Cooper lives in Mokena on First street, with his wife. They have two children, a son and a daughter, and three grandchildren. His son, Harold, has worked in the garage many years assuming many of the responsibilities of the business.

Mr. Cooper has served this community for many years as Republican Precinct committee-man.

Ida's Confectionary

Ida Hall was born in Chicago June 24, 1894, and Herbert Hilgendorf was born in Welcome, Minnesota on a farm March 23, 1894. When he was eight years old he moved with his family to Chicago. He attended the German Lutheran school, and at an early age learned the butchering trade and worked in a but-

cher shop in Morgan Park. Later he established his own meat market and butchery in a meat market at 119th and State street, in Roseland.

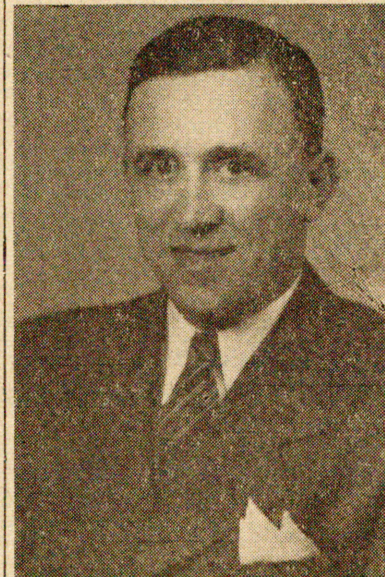

He served for a year and a half in France in World War I, and following his discharge he and Ida Hall were married. He then worked for 22½ years at the Bowman Dairy Co. on 103rd and Throop streets in Chicago. At the end of this time he gave up working with the Bowman Dairy, and moved to Frankfort for the improvement of Mrs. Hilgendorf's health. While there the opportunity came to buy the Folkers Brothers meat market, which he operated for six years. He then sold it and was semi-retired, but, being a good butcher, he was in demand at the different locker plants and meat markets in this locality.

About two and a half years ago, following the death of August Braun in Mokena, they bought what had been his ice cream and confectionery shop, where they have been ever since. They have built up and enlarged the business now to a considerable extent, having added many lines, such as meat, notions etc.

The Hilgendorfs have two daughters and one grandson, and live in the rear of their place of business.

Walter Yunker Trucking

Walter L. Yunker, who is in the trucking and excavating business in Mokena, is the son of Ida and Henry Yunker. He was born December 30, 1907, on

a farm near Mokena and attended the Mokena public school.

Mr. Yunker started to drive a truck for his father in 1927, and continued with this occupation for two years. In 1939 he went into business for himself, and in 1945 built the garage for his equipment. In 1948 he went into the excavating business in which he is now engaged.

Mr. Yunker is married and lives with his wife and three children, Doris, Karen and Ralph. Ralph at present is in the service of his country stationed in California.

Mr. Yunker is one of the many Mokena home owners, having built a lovely new ranch home on Third street in 1951.

"Kissing Bees" in Good Old Days

In New Lenox township according to the history book of 1873, in the early times, was termed the Hickory Creek Settlement -- a neighborhood celebrated for its hospitality and for more pretty girls, perhaps, than any section of the county, unless we except Homer's famous Yankee Settlement. In the Hickory Creek settlement there were quilting parties, "kissing bees", and miscellaneous gatherings of young and old. At these parties and upon these interesting oc-

casions they followed the poet's advice: "We won't go home till morning, Till daylight doth appear", and throughout the long winter nights kept up the fun, untrammelled by society rules or modern etiquette. A newspaper correspondent of those early days, writing under the name of "Styx" described a "kissing bee" he attended there in the good old days of long ago. With such interesting and innocent little plays as "Old Sister aPhoebe", "Green Grow the Willow Tree", "Johnny Brown" and all others of like character, laid down in the program, the night waned, and as the first faint streaks of dawn began to gild the eastern

horizon they decided to wind up the affair with one grand kiss all around. The girls were placed in line, and the boys were each to begin at the head of the line and kiss all the girls. As the business proceeded, one little dark-eyed lass who stood at the foot of the line exclaimed, impatiently: "Why don't you kiss at both ends of the line and get through quicker?" This remark brought the performance to a close rather abruptly, by some remarking at the moment, that "it was broad daylight and time to be on home".

Morry Larson Tavern

Morry Larson is a tavern keeper who is very well and favorably known in this area. His place of business is on Front street across from the Rock Island station. Mr. Larson was born in Joliet in 1898, and

News-Bulletin 1 min. Polaroid photo moved to Mokena in 1934, at which time he bought the building where he is now located, and started in the tavern business.

After his graduation from the public school in Joliet he worked two years in the Steel company, in Joliet. From here he went to East Chicago where he was employed for three years with the Republic Iron & Steel Co. in the rod mill. The following 13 years was spent with the Joshlin Mfg. Co. steel mill at 38th and Morgan, as assistant roller.

Mr. Larson is married and besides his wife there are two daughters and a grand son. His married daughter lives next door.

Ebert Phosphate Service

Chester Ebert, owner of the Ebert Phosphate Service in Mo-

kena, started his limestone business in 1946 and in 1950 built a bulk plant. From this plant he supplies limestone, rock, phosphate, and mixed fertilizer, and delivers and spreads it on the fields. He services this large area surrounding Mokena.

Mr. Ebert was born in Mokena in 1917. He attended Summit Hill school and was graduated from Mokena's two-year high school. He entered the service in 1941 and served until 1945, having been in Panama for 33 months.

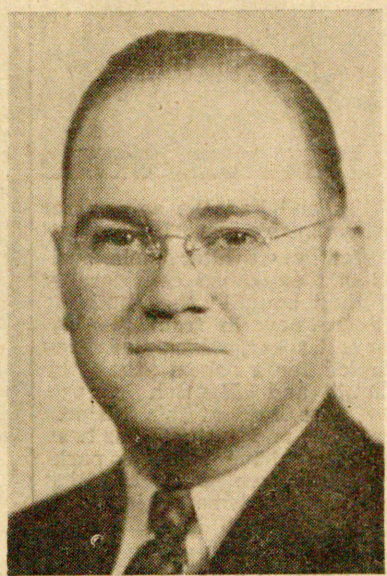

He lives with his wife and three children in a farm house on what is known as the Maue farm, east of Mokena.

Discussing his epitaph, Sir John Strange said, "I want no fuss, nothing fancy. I simply want these words on my stone: 'Here lies a lawyer who always spoke the truth.'"

"But," a friend protested, "no one will know who rests there." "Oh yes, they will know," Sir John replied, "All who read will say, 'That's strange!'"

Mokena State Bank E. J. Cooper, Insurance

The Mokena State Bank was organized in 1908, and the following year the building on Front St. was erected and first opened its doors to the public. From that day to this the bank

has filled a great need in this community.

First president of the bank was Christ Beckstein, and the first cashier was Frank Liess, now of Montana. His sister, Jennie Liess Cooper was the first bookkeeper.

The bank was organized with a capital stock of \$25,000. It has steadily kept pace with the growth of this area, and today the capital stock is \$50,000, surplus \$30,000 and reserve \$70,000.

In the early days the banking business was handled by one person and the building was heated with a coal stove. Today they have air-conditioned Servel gas heat. A few years ago they remodeled and added a director's room and lavatory.

Four employees take care of the bank's business today. The present cashier is Everett Cooper, who was born near Mokena on a farm. In 1927 he joined the bank as assistant cashier and in 1941 was made cashier. Assistant cashier is Miss Lydia Baudry, Teller and secretary is Miss Joyce Cummins and bookkeeper is Miss Geraldine Swanberg. Mrs. Rose McMahon is president.

In addition to his bank work, Mr. Cooper is an insurance and real estate broker, handling all kinds of insurance, life, auto, fire etc. and all types of real estate. He served the village in an efficient manner as village clerk for a number of terms and also as president of the village board. Under his administration many worthwhile improvements were made. He lives with his wife, Ethel, and three children in the Mineral Springs subdivision south of Mokena, which he was instrumental in developing.

Buy your tickets for the many awards in connection with the Homecoming, and for the special award of a pair of Chinchillas

Mokena Woodworking Shop

Philip Hacker, owner, was born in Mokena in 1907 and attended public school here. He was graduated from the two-year high school which Mokena then maintained. From early childhood he worked with his father, who was a carpenter

News-Bulletin 1 min. Polaroid photo

contractor. Upon his father's death in 1944 Philip has carried on alone with the business of contracting, and a few years ago built the woodworking shop at his home where he takes orders for custom jobs in woodwork, cabinet making etc. He has built many homes etc., in Mokena and area.

Mr. Hacker served in World War II. He was in Europe for 17 months, with the artillery. He lives with his wife Dorothy and daughter, Phyllis, adjoining his place of business on Denny street.

Richardson Meat Market

Roy Richardson, the owner of the Mokena Meat Market is an old hand at this work. He was born in Chicago June 1, 1915 where he spent all his life until moving to Mokena in 1950.

Following his graduation from the Chicago public schools, he entered the army in 1942 and re-

ceived a medical discharge from Camp Pickett, Va. He entered the meat market work in 1936 in Chicago. HeH managed a meat market in Oak Lawn for 15 years until he moved to Mokena when he purchased the present building on Front street and established his own market. He lives in the adjoining building with his wife Vera and two children.

Heads Fund Drive

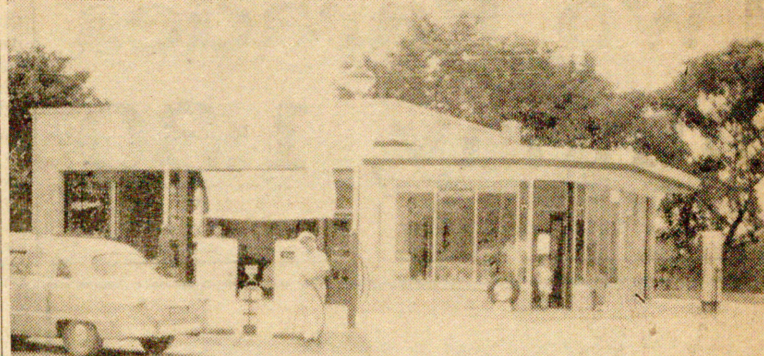

RUSSELL MAGUIRE

Russell Maguire, New York industrialist and Chairman of the Board of the American Mercury, has been named National Chairman of the Glen Eyrie Endowment Fund to develop Glen Eyrie at Colorado Springs, Colorado, as an evangelistic headquarters for the nation. The property will be used as a retreat house and for research and study by the members of the Billy Graham and other religious youth groups.

Glen Eyrie was built by General William J. Palmer, pioneer railroad man of the West and the founder of Colorado Springs, and was completed in 1940.

It comprises a castle and numerous other buildings which lend themselves ideally to the purposes of the evangelistic movement headed by Billy Graham, who is Honorary National Chairman of the fund.

The Florey Gas Station, corner Wolf road and Front streets, Mokena, is a modern station in every way. It has two island with three gas pumps on each.

Edwards Coffee Shop

Mrs. Louise Edwards, proprietor, opened a coffee shop in the Oswald building on Front

street, Mokena during Homecoming time, August 1, 1948, and found business so good that she has remained in this line ever since. The coffee shop serves short orders, complete lunches, ice cream and soft drinks.

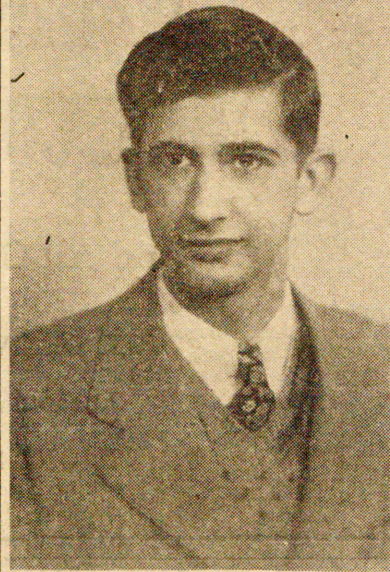

Mrs. Edwards was born in Chicago and has worked in the famed Harvey restaurants along the line of the Santa Fe in Kansas and Oklahoma, besides having had considerable experience in this line in Chicago. She and her family moved to Mokena in 1947, where they bought the

former J. G. Oswald home on Front st. Her husband, Ernest, assists her in the coffee shop.

Mokena Branch

New Lenox Lumber & Hdw. Co.

Proprietor and vice president, Glen Vally, was born in Mokena, January 18 1928, and moved to New Lenox with his parents in

the spring of that year. He at-

tended New Lenox grade school and was graduated from Joliet township high school.

Upon completion of his schooling Mr. Vally became associated with the business of his father in the New Lenox Lumber and Hardware Co., in New Lenox.

In 1949 expansion seemed in order and the company extended its business to Mokena by opening a branch on Wolf road. Office and sheds were built on the west side of the highway, and early in the spring of 1950 they opened for business in Mokena.

Business has been good with the Mokena Branch since then, as evidenced by the fact that during the past year they have built another addition to their sheds and enlarged their office and sales room.

Henry Schevlin is manager of the Mokena branch; Oscar Klose maintenance man; Harold Alexander, yard foreman, and Paul Landahl, clerk. Three truck drivers are employed: Ralph Spiecker, Robert Carlson and Edward Reif.

Murder Mystery On Hickory Creek

Many may have wondered about the name Van Horn woods on Route 30. No attempt will be made here to unravel this mystery, but here is an interesting sidelight on the name of Van Horn as an early settler of this area, which has many of the aspects of the hair raising "who-dunnit" which keep so many on the edge of their chairs these days.

A Cornelius Van Horne figures prominently in the early history of Will county. He came from New York and settled in New Lenox township in 1832. He was a man of considerable prominence and intelligence, and held many positions of importance. He died in Joliet more than 75 years ago.

The following incident is given in "Forty Years Ago" published in 1878 as illustrative of Van Horne's bold, outspoken way of giving vent to his honest convictions.

In 1840 an old man, over six feet tall, came through the settlement, making his way to his former home in Pennsylvania, on foot. He was troubled with some kind of nervous affliction which often ended in fits of a rather serious character, rendering him entirely helpless and at the mercy of whoever might find him. He was found in a fit in an old blacksmith shop near where Samuel Haven lived, when it was discovered that he had a considerable sum of money upon his person, and he was taken to the house of one McLaughlin.

After recovering partially, he

went on his way, and nothing more was heard until he was found in another fit, near "Skunk's Grove", and in his mutterings was something of having been robbed, and search revealed the fact that his money was all gone. In a few days he died and was buried by charity. Suspicions rested upon McLaughlin as having robbed the old man. Van Horne was outspoken and made no hesitation in avowing his belief as to McLaughlin's guilt.

The matter was taken up by the grand jury and a bill found against old McLaughlin's son, principally through the instrumentality of Van Horne. The young man gave bail for his appearance at court, and when the term came on he started on foot for the town, as he gave out. But he never made his appearance at the court house. The Van Horne party said he had run away to avoid trial—the McLaughlin's alleged that he had been foully dealt with, and charged it upon the Van Hornes, whom they charged as being the real robber of the old man, and were afraid to have young McLaughlin's case tried, lest the truth should come out.

The excitement ran high. Old McLaughlin spent days in traveling up and down the creek and searching in the woods, ostensibly for his lost son, while others, feeling some sympathy for him, assisted in the search. In the old mill pond, just above where the Rock Island crosses Hickory Creek, was discovered a wagon track running by a blind road from one of the Van Horne's and from where the wagon track terminated a wheelbarrow track to the mill pond. The wheelbarrow was found in the mill, and upon it some hair. The pond was dragged and the body of a man considerably decayed was found.

Old McLaughlin was told of the discovery, and said that if it was his son certain teeth would be missing. The body was examined and found to correspond with the old man's description.

The excitement was intense and public opinion divided. The coroner held an inquest, which resulted about as satisfactorily as such things generally do. Old McLaughlin and his wife swore positively that they believed the body was that of their son, while many others believed it too tall, aged and too much decayed. But notwithstanding these discrepancies, the coroner's jury found it to be the body of young McLaughlin, and while they did not bring a charge against anyone, McLaughlin swore out a warrant and had Van Horne arrested. And in the excitement and division of sentiment, many were ready to hang Van Horne without judge or jury. It became an object to those who sided with Van Horne, and who did not believe the body "sat on" by the coroner to be that of young McLaughlin, to find out whose it was. At length someone thought of the grave of the old man who had been robbed, and a delegation was sent to examine

when it was found to have been recently disturbed, and when the coffin was opened it was without a tenant.

In the meantime a surveillance had been put upon the post office, and a letter having come for old McLaughlin, mailed somewhere in Pennsylvania, it was opened by consent of the postmaster and found to be from the missing son. The tide of public opinion had changed when the discovery was made at the grave, and now those who had been so eager to hang Van Horne were still more eager to hang McLaughlin and his wife.

The development of the matter shows that old McLaughlin, his wife and son had conspired to ruin Van Horne, and that they had dug up the body of the old man, taken it to the mill pond—a distance of two miles—examined it closely enough to detect the missing teeth, or extracted them purposely to make it correspond with the son, and then deposited it in the water. They had taken Van Horne's wagon and drawn it to the creek and back to turn suspicion on him. The old man got wind of the turn of affairs had taken upon the opening of the letter and made his escape before the infuriated people could get hold of him, or perhaps the historian would have the melancholy duty to perform of chronicling a sure-enough murder story, instead of one with the murder left out.

Ronan Radio Service

This is owned and operated by Dennis Ronan, who moved to Mokena from Chicago April 15, 1949. He was born in Chicago in 1919, and following his grad-

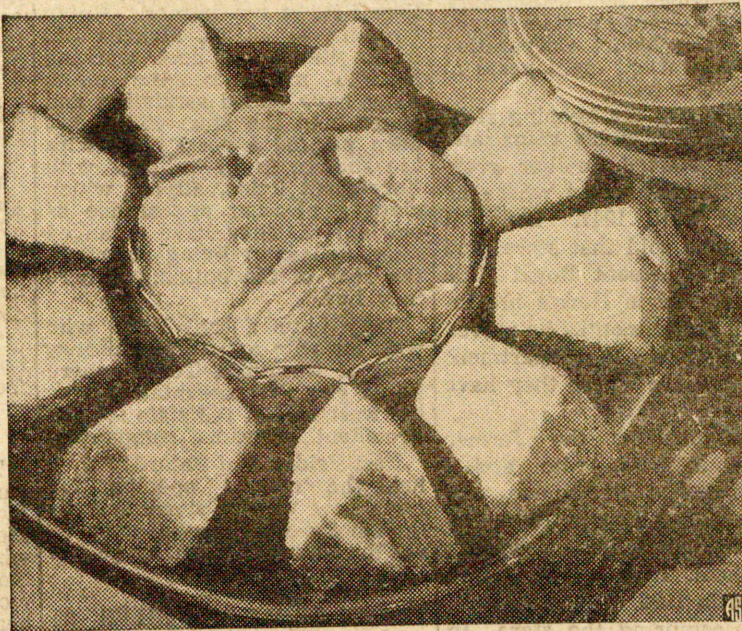

News-Bulletin 1 min. Polaroid photo

uation at Lane Tech in Chicago he attended a school of communications. In 1941 he worked with the Automatic Electric Co., repairing radios.

In his place of business on Front St., Mokena, the former Liess Bakery Mr. Ronan services all makes of radios and television sets, in addition to selling them. He live with his wife and daughter adjacent to his shop. Mr. Ronan served in World War 2 from 1941 to 1943 in the U.S. signal corps.

Pretty Summer Angel Tray

Simple desserts that combine light sweetness with refreshing coolness add much to the enjoyment of warm weather menus, especially when served in an attractive way.

A pretty and easy warm weather dessert to serve to family and guests is a combination of uniced angel cake wedges and orange ice. Get a packaged, uniced angel cake from your grocer's ready-to-eat cake department. Or maybe two—depending on the number of wedges you need. These cakes are made from home type cook book recipes, like your own.

To serve, spoon orange ice into a round bowl. Place bowl in the center of a round tray or chop plate. Arrange wedges of angel cake around the center bowl. Bring this arrangement to the table, and make individual servings from it.

Welcome to Mokena's Homecoming

Have a good time meeting old and new friends and viewing the exhibits and all the activities

RONAN RADIO CENTER

Front Street, Mokena

Muehler's Tavern

Richard Muehler, proprietor of Muehler's Tavern, came to this country from Germany with his parents, Mr. and Mrs. Martin Muehler, when three months old. The family settled in Joliet where Richard started school.

When he was 13 years old the family moved to Mokena and

his father opened a meat market. Following his graduation from Mokena public school, he worked at various employment in Joliet and Chicago.

In 1945 he bought the former Frank Hirsch tavern on Front street. He lives with his wife Eleanor and two children in the apartment above the tavern.

Dina's Barber Shop

Anthony Dinah, one of Mokena's two barbers, was born in Chicago in 1909. He had quite a yen for barbering, because when he was only 13 years of age and while still in grade school he at-

News-Bulletin 1 min. Polaroid photo

tended a barber's school. He received his barber's license in 1926 at the age of 17.

He entered the service of his country in the marine corps in World War II and was connected with the 5th artillery division, where he served for one year. He received his medical discharge due to injuries received to his spine during judo training.

In 1947 he moved to Mokena, having been the first person to build a house in the new subdivision, "Sunny Acres" north of Mokena, where he and his wife, Evanis and four children moved into.

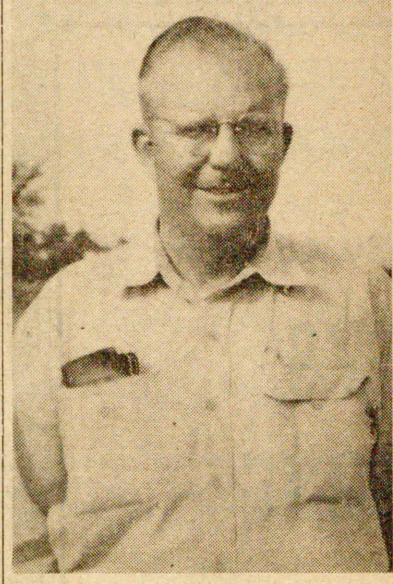

Mr. Dinah built his barber shop in Mokena three years ago this August. In 1951 he sold his property in Sunny Acres and added living quarters to his barber shop on Front street, where he and his family now live.

Monte Cristo is an island about 40 miles west of Italy.

Only two U. S. Presidents have died in the White House. Only two U. S. Presidents, Taylor and Roosevelt, died while Congress was in session.

Swanberg Farm Implement

Charles Swanberg, proprietor and founder of this business was born in Manhattan in 1915 on his father's farm. He attended the public schools in Manhattan

News-Bulletin 1 min. Polaroid photo and was graduated from the Joliet Township high school.

He entered into the trucking business which he followed until he went to work as a time keeper at the ammunition plant in Elwood during World War II.

It was in 1946 he built the present place of business on Wolf road which houses a large office, display room, service and welding departments. He also has the agency for the Minneapolis-Moline farm implements. He lives with his wife, the former Gladys Benham and two children in the home in Mineral Springs which was purchased four years ago.

State Farm Insurance

The State Farm Insurance Co. located an office in Mokena when agent George R. Krueger moved here two years ago from Chicago. Mr. Krueger lives with his wife and son at Wolf road and 159th street.

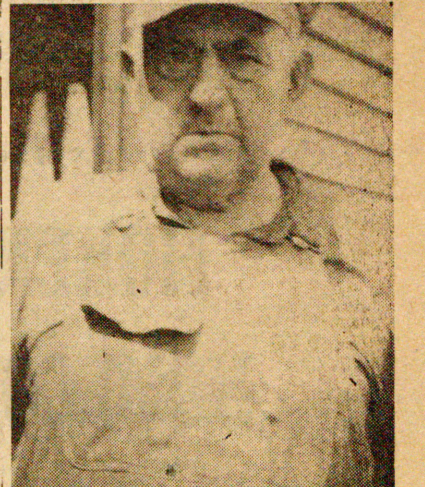

He was born in Hammond, Ind., November 23, 1924, and lived there on a farm until he reached his 18th year. He then went to Chicago where he obtained employment as an investigator for the Continental Casualty Co.

As a sideline and some what as a hobby he is an announcer and emcee on radio having done this sort of work for the past six years. He has announced auto races in Springfield, Peoria, Rock Island and Chicago.

A. Braun, Blacksmith

Fifty-one years at one job, is quite a long time. That is how long Albert Braun of Mokena has been at his trade of blacksmithing.

Born in Mokena October 3, 1879, Mr. Braun has lived here all his life. After completing the studies in the Mokena public grade school, he wanted to follow the line of work of his fa-

News-Bulletin 1 min. Polaroid photo

ther, Henry Braun. That was blacksmithing. But his father thought otherwise and would not teach his son, so young Albert went to Frankfort to Fred Schoenher the blacksmith there and worked his three years apprenticeship. At the end of that time he entered the business with his father in 1902 and after his father's death, 49 years ago, he has continually worked at his trade.

His father built the present shop on Front street in 1903, tear those days there were plenty of ing down the old building. In horses that needed shoeing.

In recalling outstanding occasions, Mr. Braun said that on Christmas day in 1908 it started to rain and kept it up all day and continued until after New Year. The rain froze as soon as it fell and there was 3 to 4 inches of ice all over. On December 26, he shod 64 horses in one day and 340 in 10 days at that time. It was a severe winter.

Now Mr. Braun does no horse-shoeing and only does general blacksmithing.

Mr. Braun also served his community as village trustee for 33 years, at a salary of \$12 a year.

The number of nerve cells in the brain does not increase after birth.

There are more bones in a baby's body than in an adult's.

MOKENA BRANCH

New Lenox Lumber & Hardware Co.

"Complete Building Service"

Mokena, Illinois
Dial 3241

Main Yard New Lenox
Tel. New Lenox 3341

Compliments of Mokena Wallpaper Co.

TAKEN FROM OUR FILES 25 YEARS AGO

The Mokena PTA held a basket picnic in the Cappel grove August 7.

Erhard Oswald has set the record in this section for raising Bermuda onions. The past week he harvested his crop and had some of the finest onions ever

seen here. Some weighed two pounds apiece.

Threshing is in full blast. The oats yield is very good. If cold weather stays away long enough there is hope of a fairly good corn crop. Recently the nights have been extremely cold, bordering on frost.

E. P. Krapp has returned from Wisconsin where he had been buying cattle.

Dunham Hardware

Edwin Dunham, proprietor of the Dunham Hardware, at Mokena, worked for 24 years in the general offices of the Telegraph company in Chicago, sending and receiving messages and general office work.

He was born on a farm in Oakville, Ia. in 1908 and when a young lad moved with his parents to a farm in Colorado. When

building his home on Bryant road, where he lives with his wife and two children.

Mr. Hohenstein was born on a farm near Mokena where he spent his early years, after his marriage he built a home on Bryant road, Mokena where he lives with his wife and two children. He also serves as substitute mail carrier in Mokena and New Lenox post office.

Andy Harr, Barber

For a short time following the death of George Kraus, barber in Mokena for many years, Mokena was without a barber. Then it was that Andrew Harr opened a barber shop here in September 1946, in the former Kraus shop, where it still is.

News-Bulletin 1 min. Polaroid photo.

he was 12 years old the family moved to Evanston where he was graduated from high school. It was then he entered the telegraph work.

In 1945 he bought the building on Front street formerly occupied by the Krapp Hardware and established a hardware store, which he has managed since. He has made many changes in the building and added new lines of merchandise. He lives with his wife Luella and three sons in one of the apartments above the store.

Mokena Grain and Supply

For many years Mokena had a grain elevator owned and operated by the late William Bechstein. Following his death it was taken over and operated by Cappel Brothers. In 1947 Harold Schuldt and Robert Hohenstein bought the business and elevator.

At that time Mr. Schuldt and Mr. Hohenstein were running a

News-Bulletin 1 min. Polaroid photo

farm east of Mokena. They completely remodeled the elevator, built a new warehouse and installed a 30-ton scale.

The company buys and sells grain, and sells feed and coal. They also deal in oats and some wheat. There is more corn taken into the elevator than anything else.

It is interesting to know the change that has taken place in the handling of this grain from the time the elevator was first installed. Formerly, all grain was shipped from the elevator in Mokena over the Rock Island to Chicago. Today this grain is sold to the Norris Grain Co. in Joliet, being taken there via truck. Some of it is sold to the Cargil Grain Co. in Lockport, being trucked to that point. From Joliet and Lockport the grain is shipped via barge on the deep waterway to Chicago, and from there is shipped all over the world.

Mr. Schuldt was born in Tinley Park in 1909 and lived there until he moved to Mokena after

tember 1946, in the former Kraus shop, where it still is. Born in Hungary in 1902, Mr. Harr came to this country with his parents in 1914 when he was 12 years old. They settled in Chicago where young Andy attended school. In 1934 he entered the barber school and following that worked for 11 years with Greg Seerey, the barber at 66th and Cottage Grove. He joined the navy and served most of the 38 months in the Philippine Islands.

When he returned from the service again he entered the employ of Mr. Seerey at his new barber shop then located at 69th and Stony.

Mr. and Mrs. Harr moved to New Lenox where they lived with her sister, Mrs. Grace Sweet and he worked in the Amos Bruns barber shop. From there he opened his own shop in Mokena and in March, 1948 they moved their present home and moved to Mokena where they have lived since.

Grobarcik Royal Blue

The genial proprietor of this store is Joseph Grobarcik, who is ably assisted by his wife, "Vic". Mr. Grobarcik was born in Joliet, February 10, 1913 and after graduating from the Joliet Township high school following

ed films from 150 drug stores on the South and West sides in Chicago, and gave 24 hour service. They also operated the photo finishing plant for two years at the Century of Progress, in 1933 and 1934. They finally sold the photo service and Mrs. Noble opened a variety store.

Mr. Noble was born on a farm in southern Illinois, and Mrs. Noble was born at Ft. Wayne, Ind. They were married in Chicago in 1907, and in April 1953 they bought the former Hatch building, at 33 So. Mokena St., where they have been working hard to modernize the place. They have added sanitation and water, and the store inside has been painted a coral rose, with the shelves in light blue, with fluorescent lights, all of which gives a pleasing appearance as one enters. They have arranged some delightful living rooms in the rear of the building where they live.

They have a son, Jules, who with his wife and three children lives at Nashville, Tenn., where he is group representative for the west half of the state for the Provident Insurance company. Last Friday and Saturday they held the official opening for their new variety store, and although the weather was extremely hot and humid, many people called.

TAKEN FROM OUR FILES 25 YEARS AGO

Mr. and Mrs. W. E. Houchin and Miss Louise Justus of Chicago motored to Mokena Saturday and remained over Sunday to celebrate the 72nd birthday of Mrs. John Semmler.

Mr. George Perryman, manager of the A&P store at Mokena, has been transferred to another store.

Boleman Drug Store

Henry Boleman, druggist and owner of the Mokena Drug store came to this village in 1947 when he bought the Cavett Drug store which had been started a year earlier by Alan Cavett of Tinley Park.

Born in Rockville, Ind., February 10, 1899, Mr. Boleman attended high school in that city and entered the Valparaiso Phar-

mac school. Three years later he was graduated from that school and came to Chicago where he worked in a Walgreen drug store for several years.

In 1931 he bought a drug store corner 75th and Cottage Grove which he owned until he sold it in 1947 to come to Mokena. He lives adjoining the drug store with his wife, who assists in the store, and three daughters.

Mr. Boleman has made many changes since buying the drug store, adding many new lines and is enjoying a good patronage. Their daughters also help as clerks, especially in rush periods.

Noble's Variety Store

Halley and David W. Noble, proprietors of the Noble Variety store, have operated variety and dry goods stores in Chicago for the past 25 years. Mr. Noble previously operated a wholesale photo finishing plant in Chicago, known as the Noble Photo Service. Each day they collect-

ed films from 150 drug stores on the South and West sides in Chicago, and gave 24 hour service.

They also operated the photo finishing plant for two years at the Century of Progress, in 1933 and 1934. They finally sold the photo service and Mrs. Noble opened a variety store.

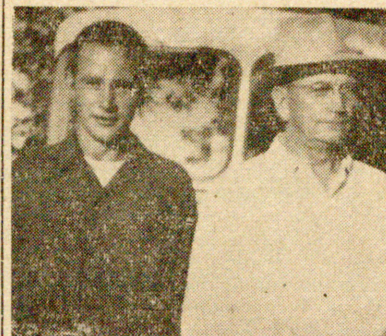

Mr. Noble was born on a farm in southern Illinois, and Mrs. Noble was born at Ft. Wayne, Ind. They were married in Chicago in 1907, and in April 1953 they bought the former Hatch building, at 33 So. Mokena St., where they have been working hard to modernize the place. They have added sanitation and water, and the store inside has been painted a coral rose, with the shelves in light blue, with fluorescent lights, all of which gives a pleasing appearance as one enters. They have arranged some delightful living rooms in the rear of the building where they live.

They have a son, Jules, who with his wife and three children lives at Nashville, Tenn., where he is group representative for the west half of the state for the Provident Insurance company. Last Friday and Saturday they held the official opening for their new variety store, and although the weather was extremely hot and humid, many people called.

Schiek's Dairy

Lester Schiek, the congenial "milkman", is known all over this area, having been connected with the dairy business since he was knee-high to a grasshopper. Lester was born on the same 27 acre farm where the dairy stands today, on Wolf road—in 1899—the son of Mr. and Mrs. Henry Schiek.

Fifty-one years ago, in 1902, Lester's father started this dairy with six customers on his list. In those far off days milk was

News-Bulletin 1 min. Polaroid photo.

delivered in quart and pint tin cans, and sold for four cents a quart. Deliveries were made once a day, usually early in the day.

Lester attended the Mokena public school and graduated from a two year high school which Mokena maintained at that time. During his school days he worked on the milk route, delivering milk. They had a horse drawn milk wagon in those days. In 1926 his father retired from the milk business, and Lester took over. His father passed away 11 years ago.

With the expansion of the business, Lester's son, Willis, entered into the business three years ago. Now they have three separate routes and supply 95 percent of the residents of Mokena with milk. Delivery is now made in glass bottles, pints, quarts, half gallons and gallon containers. It is a far step from the day the dairy business started and Schiek's dairy has kept pace with all modern advances in the dairy business. Lester's entire family works at this business; his wife, Julia, his daughters Joyce and Jean, and his son Willis. Mr. and Mrs. Willis Schiek and daughter have now moved into an apartment in the village. Mr. Schiek's daughters give a hand in making milk deliveries.

Joyce, who was graduated from Joliet township high school this spring, now works in the freight traffic department of the Rock Island railroad office in Joliet. She assists in the dairy work after hours. She and Jean are familiar persons in Mokena, for they have two fine riding horses and ride them well. The girls always enter into Homecoming parades on their mounts, and, in these motor driven days attract considerable attention.

Looking backward three quarters of a century, Henry's father, (Lester's grandfather) came to this farm on Wolf road in 1868 when he was nine years of age, having come there with his parents who came from a farm east of Mokena. It would therefore appear that four generations of Schiek's have lived on this farm and conducted the dairy business there.

In addition to making daily milk deliveries on routes which thoroughly cover this area, the Schiek's also sell their products direct to consumers who call at the dairy. People come at all hours of the day for milk and cream at the dairy house, and there is always someone on hand to take care of their orders.

The Schiek dairy owns a fine herd of cows and also gets milk from other nearby sources.

25 YEARS AGO

The annexation question regarding the annexation of the McIntosh subdivision, north of Mokena, into the village limits, which has hung fire before the Mokena council for the past two months has at last come to a head. The election will be held October 11 and everyone is urged to vote yes on this annexation proposition.

MODERNIZE BRIGHT LANES BOWLING ALLEYS IN N. LENOX

Crops, Buildings, Damaged by Golfball Sized Hailstones

A cold front, moving over the plains and Great Lakes region, materialized in the form of a hail storm which did considerable damage to crops in Will county Friday afternoon. Eighteen farmers in Manhattan reported damage Friday afternoon due to the storm. The storm was most severe in the vicinity of Elwood, where large acres of soybeans, sweet corn, tomatoes and melons were damaged.

On the farm of Aaron Coldwater, in Elwood, hail stones as big as golf balls split or dented melons so badly they were converted into garbage, and played havoc with eight acres of sweet corn and 60 acres of field corn. Windows were broken and metal roofs on the farm buildings were dented. The piling from the big hailstones last ed half an hour. Near Morris, 500 acres of tomatoes on the Campbell Soup Co.'s farm were badly damaged. They had been ripe for picking.

Last Saturday afternoon a Frankfort farm woman saw a tornado forming in the Southwest, at considerable distance. She saw the funnel cloud leap downwards towards earth and suddenly retract, drawing itself upward into the parent cloud.

This particular storm never hit this area. However, a week ago last Saturday night a hailstorm hit this region causing considerable damage in the Frankfort and Homer township areas. High winds, of tornado proportions flailed the countryside, and large size hailstones battered everything. Fifteen farmers reported 25 percent loss of their crops from hail and wind.

VANDALISM AT MAUE SCHOOL ANGERS BOARD

The Maue school board is more than a little frothy over the continued vandalism at Maue school this summer.

On three occasions a basement window has been broken to gain entrance to the school and more recently entrance was made through a fire escape door which had been pried open. Some of the schools tools and a lamp shade are missing. A fire extinguisher was found emptied and drinking nozzles were removed and left on the sink.

Chisels were found where they had been used in an effort to pry open a classroom door. Four small children were found in the school after the most recent act of forced entry. It was obvious, however, that they were too small to have pried open the fire escape door.

Police have been notified on separate occasions and Sunday of last week members of the school board called at the County Police station in Homewood to discuss the problem further. A letter has also been sent to the Sheriff of Cook county, John E. Babb, regarding the situation.

Little Women's 4H Club Participates In Achievement Day

The members of the Little Women's 4H club of Homer township, with their leader Mrs. M. E. Caswin, and Faye Rodgers of the Lockport Needle Threading club participated in the Achievement Day programs in Joliet Tuesday and Wednesday of last week.

The Tuesday meeting was a cookie demonstration at Farm Bureau building and Wednesday at the Pershing school, was a sewing exhibit. Joy Ann Purdy, Virginia Buck and Iris Filipowicz received blue ribbons on the sewing of their skirts which they recently completed.

Tuesday of this week, the Little Women held a beach party at Romeo and August 26 they will appear in the dress parade at the Home Bureau picnic, and three of the girls will sing in the 4H chorus.

Wilco League Small Fry Playoffs at Manhattan Sunday

The Wilco League Small Fry play-offs will be held Sunday at Manhattan. The first game will start at 1 p. m.

Tinley Park vs. Frankfort and Beecher will play Peotone in the second game. On Sunday, August 23, the teams will play again to determine the winners of first, second, and third places.

DEATH TAKES MRS. M. STAFF

Mrs. Margaret Staff, nee Leppla, 82, died in her home in Frankfort Tuesday morning, August 11, following a short illness. For seven years she cared for her bedridden sister, Lizzie Leppla, who passed away some years ago. For the past two and a half years she has cared for her invalid husband, who has been confined to his bed during this period.

Mrs. Staff was born in Frankfort October 27, 1870. She was united in marriage to John Staff October 15, 1892. This October they would have been married 62 years.

Following their marriage they moved to Kollleston, Ind. Here they lived for 11 years. Her husband was a telegraph operator for the E.J. & E. at this point. He was then transferred to Mattoon, where the couple lived for one year, and later transferred to Frankfort, their present home where they have lived ever since.

Mrs. Staff was taken ill June 13 and removed to St. Joseph's hospital on June 20. She was returned home by ambulance Monday with a special nurse in charge, and died early Tuesday morning.

Surviving, besides her invalid husband, are one daughter, Miss Vera Staff, and a son in law, Arthur Sangmeister, a sister, Mrs. Clara Krueger, of Minneapolis, Minn., and many nieces and nephews. Her daughter, Mrs. Mabel Sangmeister, passed away last year.

The body was taken to West End funeral home in Chicago, and will lie at her home where friends may call after 6 o'clock Thursday evening.

Funeral services will be held Friday at 2 o'clock in St. Peter's Evangelical church, with Rev. Erich Bizer officiating. Burial will be in Pleasant Hill cemetery.

Panel Discussion To Be Held on Soybeans

Of vital interest to everybody in the soybean industry will be a panel discussion on "Where Are Soybeans Going?" that will feature the annual convention of the American Soybean association at St. Louis, Friday afternoon, Aug. 21, Geo. M. Strayer, secretary-treasurer of the association has announced.

A panel on the same subject was held last year, and was so popular it is being repeated. Strayer said, it is especially timely this year in view of the uncertain agricultural outlook, he believes.

The convention will be held in Hotel Jefferson Aug. 20 and 21, with four half day sessions each devoted to a separate general topic. The annual banquet and presentation of honorary life memberships will be Thursday evening, Aug. 20.

The subject to be covered by the panel and those who will take part include: "Continuing Markets for Soybean Oil Meal in Formula Feeds," W. E. Glennon, president, American Feed Manufacturers Association, Chicago.

"Research Developments on Soybeans at the Northern Regional Research Laboratory," J. C. Cowan, head, oil and protein division, Northern Regional Research Laboratory, Peoria, Ill.

"How Will Urea Affect Soybean Oil Meal Markets?" Guy L. Cooper, Jr., president, the O. A. Cooper Co., Humboldt, Neb.

"Outlook for Edible Uses for Soybean Oil," speaker to be confirmed.

Suppliers to the soybean industry will have exhibits at the convention.

Attendance is open to all persons interested in the production handling, processing or utilization of the soybean crop. Advance hotel reservations are being made direct with Hotel Jefferson, St. Louis, Mo.

Receives Four Year U. of I. Scholarship

Grover Weichbrodt, son of Mr. and Mrs. Wallace Weichbrodt of Frankfort, has just received word that he has been awarded a four year scholarship for the University of Illinois.

Grover was one of a large class who took scholarship tests in June in Joliet. He will enter his first year at the University in September, majoring in chemical engineering.

Frankfort Couple Surprised on Their 25th Anniversary

Mr. and Mrs. Roland Knippel of Frankfort were pleasantly surprised Sunday evening at their home on their 25th wedding anniversary by their children, relatives and friends. A potluck dinner was served, after which the group enjoyed dancing and bingo. The couple received a chest of silver.

The above shows a group who were conducted through the old Mitchell brewery at Mokena, now the Mokena Wall Paper mill. We are unable to remember the occasion and those on the picture from this locality also cannot recall. It was a visiting group, some think a Lion's group, from Chicago, and was in 1938. Local persons from this territory are George Sangmeister, Herbert Lambrecht, Frankfort and the late Robert Bechstein, Mokena. In the second row appears the late Editor William Semmler and Elmer Cooper, Mokena. On the porch is seen a daughter of the late C. A. Mitchell, owner of the brewery. We believe the last man on the right of the second row is Mr. Mitchell.

Ozias McGovney Dies in Joliet

Ozias McGovney, a former resident of Mokena, was found dead in the garage at his home in Joliet Thursday afternoon, August 6. Letters found in Mr. McGovney's home indicated that he had been despondent since the death of his wife, Mary, in 1949. He left directions for funeral services.

When found Mr. McGovney was sitting in his car. The engine was on but the engine had stopped, apparently because there was no more gas in the tank. Coroner William Blood stated he believed death was due to carbon monoxide.

Mr. McGovney was born in Manhattan May 22, 1887, and moved to Mokena with his parents when he was four years of age. He attended the Mokena schools and spent his youth here. He was assistant postmaster at Mokena when his brother, Ona, was postmaster. He moved to Joliet about 30 years ago, his mother having moved with him at that time. While in Joliet he was assistant cashier at the former Will County National bank.

He was married to Mary Staley, nee Stevens, 16 years ago. She died 4 years ago. Since that time Mr. McGovney has been living alone in his home at 814 Dawes avenue.

Surviving are one brother, Alvin E. of Cleveland, Ohio, and several nieces and nephews. He was preceded in death by three brothers, Chester, Edgar and Ona, the latter of Mokena.

Funeral services, according to his wish, were private. They were held Saturday morning in the Sonntag funeral home in Joliet with Rev. Joseph W. Peoples, priest of the Episcopal church in Joliet, officiating. Burial was in Elmhurst cemetery, Joliet.

Comes From Germany to Wed Local Man

Some time ago Peter Gerstmann, who lives in the Larson apartment at Route 30 and 45 in Frankfort, sent for his fiancée, Miss Eva Mueller, who was living in West Berlin, Germany. Mr. Gerstmann, who came to this country a year ago from West Berlin and who is employed as a draftsman by the International Harvester Co. in Chicago, likes this country so well he decided to make it his adopted country, so sent for his sweetheart.

Miss Mueller arrived here from Germany, Friday night on TWA, and was met at the airport in Chicago by her fiancée. While she speaks no English she is quick to understand. She likes it here very much, she says—in German. At present she is living with her future sister in law and brother in law, Mr. and Mrs. Ernest Spannhake, who have arranged her wedding with Mr. Gerstmann, which will take place August 15. Meanwhile she is getting their newly furnished apartment in order. She particularly enjoys her grocery shopping trips.

ding anniversary by their children, relatives and friends. A potluck dinner was served, after which the group enjoyed dancing and bingo. The couple received a chest of silver.

Guests came from Mokena, New Lenox, Joliet, Lockport and Chicago.

Golf Tournament For Mokena Men At Woodruff Course

Mokena Men's golf tournament, sponsored by the St. Mary's Holy Name Society, will be held Sunday, August 23, at the Woodruff golf course, Joliet. The tournament will start at 1 p. m.

Refreshments will be available at the Belmont Athletic Club's club house, Highland Park, Joliet, after the tournament.

All who are interested should obtain tickets from the chairman, Leo Marcoux, Mokena, phone Mokena 4543.

The tournament is being given for all men of Mokena and their friends. This is the first tournament Mokena has ever held and is a non-profit venture, which is being held as a means of getting the men out for an afternoon of golf, and getting acquainted. Men who are not interested in golf are invited to meet at the Belmont Athletic club for a social time.

POLICE SPOT BREAK IN RAIL AT TINLEY

Friday night at about 11 o'clock, the Tinley Park Police noticed that the Rock Island crossing gates in Tinley remained down for some time. When they investigated to determine the reason for this, they found that a thirteen inch piece of rail was missing in the eastbound track. A freight which was coming at a slow speed hit this spot, but because it was traveling slowly, nothing happened. Had a fast train been going through, a serious accident may have occurred.

The Rock Island was notified by radio and the police stood watch at the gates for approach. Traffic until a repair crew arrived to fix the track.

O'Connell-Marc Duel at Joliet Memorial Stadium

Vaunted Tommy O'Connell of the University of Illinois and Carleton College's Charlie Marc will match aerial wizardry when they oppose each other in a Chicago Bears' intrasquad game Aug. 19 in Joliet Memorial Stadium.

When the dust clears the fans should have some idea of who will engineer the team when it kicks off in its National Football League season opener.

Neither O'Connell nor Marc will have a clear path to the quarterback assignment, as long as George Blanda and Steve Romanik are around. Blanda and Romanik, both season veterans, won acclaim last year when they saved the Bears from complete humiliation in the pro circuit.

But the O'Connell-Marc duel should, at least, decide who is the outstanding rookie prospect.

The game, one of two played before the Bears officially open their season, is scheduled for 8:30 p.m. The 10,081 seat stadium is located two miles west of Joliet along highway 52.

PUBLIC SCHOOL IN NEW LENOX OPENS SEPT. 8

The New Lenox public school will open Tuesday, September 1, this year, according to a statement by John Oster, New Lenox superintendent.

The late starting date is being used because of the fact that so many local families plan to end their vacation trips on Labor Day. Sooner than have many absences at the beginning of school, it was thought to be wiser to use the later starting date.

Parents of children who are entering school for the first time in either kindergarten or grade one and of children entering the fifth grade are reminded that all such children must have physical and dental examinations before they may enter school. The only exceptions to this are those children whose parents have religious reasons for objecting to such examinations. In that case they must submit a request of waiver of examination signed by the parent and the proper religious authority.

There will be three new teachers in the New Lenox schools this year: Mrs. Elizabeth Morrison will teach grades three and four in Oakview school; replacing Mable Wenger, who has accepted a position in Joliet public schools. Mr. Michael Kruck will teach the eighth grade and coach athletics in the Haven school. Last year's eighth grade teacher, Marie Knater, has accepted the principalship of a school on the Cook-Dupage county line.

Mrs. Morrison has been a resident of New Lenox for the last two years. Last year she taught in the Gougar school. She has a Bachelors degree from the University of Illinois. Mr. Kruck has taught in the high school in Paducah, Colo., for the past two years, after having taught in Wisconsin two years previously. He holds a masters degree in Physical education from Colorado A&M. A teacher to replace Mrs. Tweedy, who has accepted a position in the Danville schools is still to be employed.

Tractor Climbs Jeep, Turns Over, Injures Woman

Mrs. Stuart Culp of Alpine was lucky to have received only minor injuries when a tractor turned over with her, Sunday. She was using the tractor to pull a jeep that Mr. Culp was having trouble starting.

Unknown to her, the gears were in reverse and before she could bring the tractor under control one rear wheel had climbed the jeep causing the tractor to turn over on its side. Beyond a badly mangled set of nerves, scratches on one arm and a bump where her head hit the ground, she seems to be all right.

CANCER CLINIC

Dr. Paul E. Landmann, director of Will-Grundy county Cancer Diagnostic Clinic, has announced a meeting to be held August 18 from 10 to 11 a.m. in Joliet. All patients attending the clinic must have a referral from or be accompanied by, a physician or dentist.

TWO BIG PARADES, EXHIBITS, ENTERTAINMENT, MANY PRIZES

Big Auction Sale Friday and Sat. Nite
Homecoming Queen to be Chosen Sunday

Krapf Clan Gathers At Inwood Park For Glorious Time

All the Krapf relatives gathered at Inwood Park, Joliet, August 9, for a 1 o'clock chicken dinner with 116 present. Floyd Krapf presided, and presented prizes to the following: young est baby, Merle Krapf, 4½ month old son of Mr. and Mrs. Stanley Krapf; oldest man, Fred Krapf, 77, and the oldest woman, Mrs. Anna Wanner, 86; the youngest mother, Mrs. David Dralle, the largest family was that of Mr. and Mrs. George Krapf.

Mr. and Mrs. Harry Leisur were the most newly married couple, and the couple coming the longest distance, 600 miles, was Mr. and Mrs. Giesler from Walnut Grove, Minn. The long est married couple were Mr. and Mrs. Jake Krapf, Zion, Ill., 47 years married, and Mr. and Mrs. John Stender, from Howell Ind., 46 years married.

Two young men in the service are Roland and Gene Krapf. The group paused for a moment in memory of Mrs. Kate Runge, Eleanor Belote and Evelyn Lakin who passed away this last year.

"Happy Birthday" was sung to all those having birthdays in August. The blueberry pie eating contest was won by Kenneth Knickrehm. Other games were played with Violetta Bettenhausen and Betty Leisur in charge. A family tree was drawn on a large chart with each family registering.

Officers elected for the following year are: Floyd Krapf, president; Norman Krapf, vice president; Robert Glen, secretary and Jake Krapf, treasurer. A reunion poem, written by Mr. Chester Steinberg, was read by Amanda Dralle.

Wedding Bells to Ring for Yvonne Genens of Frankfort

Mrs. Elsie Genens, 35 North Carpenter St., Frankfort, is announcing the engagement and forthcoming marriage of her daughter, Yvonne E. to Private Donald E. Stephen, son of Mr. and Mrs. Leo Stephen, Spring Valley, Minn. Miss Genens is the daughter of the late Harry Genens. Wedding vows will be recited by the couple the evening of August 29 at St. Peter's Evangelical and Reformed church at Frankfort.

Rev. Erich Bizer will officiate at the 7 o'clock double ring ceremony. The wedding reception will be held at VFW hall, Wolf road, Mokena, immediately following the ceremony. Invitations have been issued, but all relatives and friends are invited to attend both the ceremony and reception.

The future bride and groom are both graduates of Joliet Township high school. Miss Genens is employed at the Bremen State Bank in Tinley Park.

Prior to entering the service the future bridegroom was employed as a truck driver for George Waldvogel of Frankfort.

RAZE LANDM'RK IN ORLAND PARK

An old landmark of 50 years or more standing, located at 143d place, formerly Union st., near the Creer building, in Orland Park, was torn down by bulldozers last week, along with trees and shrubbery. The home formerly owned by the late Mr. and Mrs. Ira Matters, and later by Walter Townsend, had been vacant the last few years. The Cowan Excavating Co. had charge of the wrecking work.

In wrecking the frame building, the steel cable wrapped around the house and practically cut it in two across from roof to base, as the cable was tightening around it. There had been two fires during its time, partially destroying the house, but it was later repaired.

Mrs. James Creer has purchased 25 feet of the land, and Roy Loebe the balance. Nothing definite has been planned for the ground.

No Services In Mokena Methodist Church Two Weeks

As this is the vacation period for the Mokena Methodist church, there will be no church service or Sunday school Sunday, August 16 and Sunday, August 23. The pastor, Rev. and Mrs. Hugh Morris, will be on vacation during this time.

Members of the Mokena Lions club and Civic association are working feverishly to make sure that their big project, the Homecoming, will be a tremendous success.

Lion president Ray Hooelhan is general chairman of the Homecoming. Various groups of Lions and Civic association members have been meeting in his office on Front street every night this week, and have met every week previously in the recent past.

General chairman of the ground is Stanley Williams, in charge of entertainment is Elmer Schoeneck. Heading the personnel is Lion Marion Owen, in charge of refreshments is Lion Roy Richardson. Lion Walter Spiewack is in charge of registration and tickets, and is also managing the contest for queen of the Homecoming. Lion Lyman Teague has charge of the finances.

Art Hurley and Ed. Carroll, presidents of the Mokena VFW and AMVETS, respectively, are in charge of the parade. Harley Mann and Art Marshall are in charge of games. Electricians are Bill Munch and Clyde Yunker. Lion John Scarf has the ball games under his supervision. Mrs. Catherine Owens is head of the exhibits.

There will be three kiddie rides, a fish pond, games of skill, and a pop corn stand, the Lion's own. Lion Marion Owen is in charge of the work, and is in need of more help. The chinchilla booth will be manned by George Carlisle and Gerald Nelson, who have donated this pair of chinchillas, valued at about \$1,000, to this worthy cause.

Each evening and on Sunday afternoon good entertainment will be furnished by Lion Don Wennlund of New Lenox, who will be the M. C. on Sunday afternoon or evening. There will be chairs as usual at the place for those who wish to rest, take in a leisurely survey of the colorful panorama of Homecoming.

An added feature, something not had before at Homecoming, will be the presentation of musical cartoons by Mrs. Milton Heitzman of Plainfield. This is something novel and outstanding. Mrs. Heitzman is much sought for in this field, and it is anticipated this feature will add much to the general enjoyment. She furnishes her own music. This interesting number is billed for Sunday night at 8:30.

Sunday night, at 10:30, one of Otto Mattei's pupils from Joliet, Barbara Reel, will favor the audience with several marimba selections.

Friday and Saturday evening the dancing students of Donna Schenkel, Mokena, and Mrs. Hauser, Joliet, will perform. They are always greatly enjoyed.

There will be two parades this year. The main parade will start at 1:30 from the Robinson field at the corner of LaPorte and Wolf roads. In the parade will be the 60 piece band from the New Lenox VFW, the drill team from the Beecher Amvets, and the drum and bugle corps from the Mokena Amvets.

The second parade will begin at the close of the first parade, and will start at Wolf road, going east on Front street foreverlast blocks. This will be a children's and pet parade. There will be a large tent filled with miss seeing.

It has been announced that, through the courtesy of the Meisterbrau Brewing Co., a man will be stationed in the rear of the Yunker garage all day Saturday to assist anyone who wants help in decorating their cars or floats. This service will be free of charge for anyone planning to parade. En trainees will, however, have to furnish their own decorative materials.

An important highlight of the Homecoming will be the auction sale, which will be held Friday and Saturday evening at 9 o'clock. At this time many useful articles which the people of Mokena have kindly donated will be disposed of. It is expected there will be many fine antiques offered for sale on the auction block, presenting an opportunity for everyone to obtain some needed article at a very low price.

Climaxing the Homecoming will be the awarding of the prizes. This will take place at 11 p.m. Sunday night. Among the prizes will be a pair of Chinchillas donated by George Carlisle of Mokena, a side of beef ready for the freezer, a boy's and a girl's bicycle, a fishing outfit, (Continued to back page)

ORLAND PARK

Mrs. Sherman Knox
Orland Park 211W

Mr. and Mrs. Clarence Creer have returned from a vacation trip to Oshawa, Ontario, Canada.

Mrs. Joseph Broadbent, mother of Mrs. Creer, returned home with them to spend a week in Orland.

The regular August meeting of the Fire Auxiliary has been cancelled, but the September meeting will be held the 3rd Monday, in the village hall as usual.

Troop 283 of the Girl Scouts, met August 8. We played some games and then had our business meeting in which we discussed ways and means of getting our swimming badges. We also discussed the four other badges we plan to earn: cook, camp, first aid, and outdoor cook. At 3 o'clock we had our friendship circle, sang Taps and were dismissed.—Karen Perowski, publicity.

Word was received by Mr. and Mrs. Mario T. DelBeccaro that their son, 1st Lt. Mario, Jr. has arrived safely in Honolulu with his wife and child. The young doctor will serve his internship at Tripler General hospital on Oahu, T. H. His brother, Major Vincent J. DelBeccaro of Orland Park is now Base Staff Judge Advocate at Barksdale air force base, La.

Mr. and Mrs. Harry Rauch and family, Mr. and Mrs. Herbert Sterling, Jr., Mr. and Mrs. Arthur Granat and children and Mrs. George Steinhagen have returned from an enjoyable vacation at Antioch.

Mr. and Mrs. Edward Manning, Jr. and infant daughter are residing in Orland Park at the Edgar Cooper residence.

Mr. and Mrs. Harry Heiting and Mr. and Mrs. Richard Alhrep and Mr. and Mrs. Wm. Heiting and children of Homewood attended a dinner Sunday at the home of Mr. and Mrs. Frank Garret of Lincolnwood, honoring her son Frank, Jr., who returned from Korea.

The Wm. Heiting family are enjoying a vacation in Denver, Colo.

Mrs. James Creer, son Clarence and grandchildren, Carol and Owen Jr. and Mrs. Joseph Broadbent attended the Don McNeill's Breakfast club last Thursday morning.

Carol and Owen Creer Jr. are vacationing with their grandmother, Mrs. James Creer.

Mr. and Mrs. Louis Wydveld and daughter enjoyed a vacation trip to Niagara Falls.

Mr. and Mrs. John Loebe accompanied their daughter Ruth and husband, Thomas Thomas of Battle Creek, Mich., on a trip to Grand Rapids, Silver Lake and Ludington. Enroute home they stopped at Allegan, Mich. to visit friends, Mrs. Jenny Clark of Allegan, an aunt of Roy Loebe returned with them to Orland. She is visiting relatives in Orland and Palos Park. Mrs. Clark was a dinner guest of Mr. and Mrs. Roy Loebe Tuesday evening. Bonnie Brennan, 10 years old, formerly of Mokena and Orland Park, is spending two months at Camp Eaglecrest, Eagle River, Wis.

WLS Barn Dance

Folk to Entertain At Ill. State Fair

Movie, radio and stage star Rex Allen returns to his Midwest "home" Saturday night, August 15 when the entire cast of the WLS National Barn Dance makes its annual visit to opening Saturday night at the Illinois State Fair in Springfield.

Rex will re-join the gang he worked with at WLS during his climb to fame, including such famous Midwestern entertainers as Bob Atcher, Homer and Jethro, the Beaver Valley Sweethearts, Captain Stubby and the Buccaneers, Dolph Hewitt, Donald "Red" Blanchard, Grace Wilson, Skeeter Bonn, the Chord Boys, Phyllis Brown, Lulu Belle and Scotty, and a host more.

They will put on a full five-and-a-half hours of stage and broadcast entertainment, starting at 6:30 p. m. CDST on the wide platform in front of the grandstand.

Another former WLS entertainer

er now in Hollywood returns for the Springfield show in the person of cowgirl singer Patsy Montana.

In addition to ballads, folk songs, novelty tunes and radio humor, there will be special stunts from WLS's Virginia Hams: Uncle Otto, Cousin Tifford and Little Jimmy, who'll wander through the audience at will, having extra fun. Fair days are August 17-21.

V.F.W. Aux. News

The regular meeting of the Ladies Auxiliary to Wm. Martin Post No. 725 was held in the Vets hall, Mokena, Thursday evening, August 6 with president, Mrs. Mildred McMillan presiding.

The hospital chairman Mrs. Grace Kopelman, reported on her recent visit to Kankakee hospital, that our gifts of clothing, magazines, are greatly appreciated. Our Auxiliary will be credited to the amount of \$337.90 for our work at the hospital.

Our membership chairman, Mrs. Maude Larson, reported the goal set for the 5th district is 350 new members for this year.

The 5th district meeting will be held in St Charles Sunday, August 16 in the VFW club rooms at 2:30 pm.

The members have been asked to march in the Homecoming parade at Mokena, Sunday August 16. We are to meet at the hall, in uniform, at 1 pm.

It was decided to put on a ham dinner for the benefit of the Post building fund on Sept 27 at which time a clock radio electric steam iron and set of breakfast dishes will be awarded.—Mary A. Clark, publicity.

HALLE and DAVID W. NOBLE

SHOWER:

Remember? The folks used to think it was my fault the water was always freezing—how he growled! I'm sure glad someone put him wise to a Gas Water Heater.

AUTOMATIC WASHER:

Now they know that you get MORE hot water with gas! And they need it—especially since they use me.

DISHWASHER:

And me, too! Even though the whole family takes baths every morning, I can still do a good job... because NOW there's always enough hot water left for me.

DISH:

Gosh—how I used to complain! How do you think I felt with that c-c-cold water running on me? I was never really clean... and most of the time I had to sit around and wait to be rinsed off! But NOW... the water's HOT!

Yes, the water's ALWAYS hot with an Automatic Gas Water Heater.

The minute the thermostat indicates the need, the speedy GAS burner

comes on and—quick as a wink—the hot water supply is

replenished. You don't need a bulky, space-

taking tank, either! A practical size does

the job... because GAS is FAST... and it

costs less, too! Enjoy the luxury of constant

HOT WATER... get an Automatic

Gas Water Heater. See the newest

models at your dealer's or our nearest store.

Do you remember when the Mokena Women's Service club sent gift boxes to the servicemen at Christmastime in World War II? Picture shows gift boxes stacked in front of Mokena post office.

25 Years Ago

Fred Leonhardt moved from Frankfort to Mokena where he opened a shoe shop.

Location of Wolf Road and Southwest highway in Will county is getting to be quite an issue. These highways are proposed to be built under the proposed \$2,500,000.00 Will County bond issue.

Mr. and Mrs. Adolph Steen of Chicago moved last Saturday into the apartment of Mrs. Emil Krapp, recently vacated by Miss M. Scheer, which they have purchased.

Sept. 16, 1927—On account of the extreme heat, the public school was closed at 3 p.m.

The origin of fire is lost in antiquity, but it is probably safe to assume that on the first day man learned to use fire he burned himself. Burns are among the most common of all injuries, causing approximately 6,000 deaths in the U.S. every year.

Burns are classified as first, second or third degree, according to their severity. First degree burns are usually not serious. Second degree burns cause blistering of the skin, and a third degree burn chars the flesh. Actually, the side-effects of a severe burn are more serious.

han the wound itself—although it is only in recent years that science has discovered this. The victim may suffer shock, which causes an estimated 80 per cent of deaths in fatal burns, or a serious infection may enter the burned area. To combat these problems, blood plasma or whole blood may be given to restore body fluids lost in shock, and the body's resistance may be bolstered by administration of the hormones ACTH and cortisone. Antibiotics such as terramycin and penicillin are often given to prevent infection. Treatment of the burn itself may be either by covering it with a pressure bandage or by the new, open-air method, which has been used with success in Korea. In this method, the wound is not covered, but allowed to dry and heal in the open air. But the best cure for burns is still prevention.

TINLEY PARK

Tel. 2-4728

Vacationists arriving home recently are:

Mr. and Mrs. John Carpenter and their two daughters, who enjoyed two weeks of swimming and fishing at Gull Lake, Mich. Little five year old Tina mastered the art of swimming, and was reluctant to leave the lake.

Mr. and Mrs. Robert Rawson, who spent the weekend with five other couples at Cory Lake, Three Rivers, Mich., and had a wonderful time.

Peter Simulick and his three sons, Robert, Ronnie and Davy, who spent a week with the former's brother and his wife, Mr. and Mrs. William Simulick, at Detroit, Mich.

Mr. and Mrs. Al Reder, Jim and Jean who visited Mrs. Reder's sister, Mrs. S. J. Pickard, in Barbourville, Ky. and other relatives.

atives. Motor trips were made to Harlan, Cumberland Gap and Falls, and to various parks. They had a very enjoyable two weeks there.

Mrs. Loretta Lehman who entered St. Francis hospital in Blue Island, July 29, to undergo surgery returned home Saturday evening. She is recovering nicely.

Mr. and Mrs. Elmer Brandau of Goodland, Ind., and Mr. and Mrs. Al Brandau of Tinley Park left Friday morning for a vacation in California.

Miss Jean Guthrie, former music teacher at the Tinley Park school, is leaving soon, to accept a teaching assignment in Tucson, Ariz. Patsy Miller and Margaret Bettenhausen attended a farewell party Saturday in her honor.

Mr. and Mrs. Harry Schmidt have had as their guests the past week, Rev. Fred Shandorf, former pastor of the Tinley Park Methodist church, now of Vernon City, Minn., his wife and daughter, Pamela. Friday night Schindts entertained friends of the Shandorfs at a party in their home. Sunday afternoon about 10 families who were well acquainted with the Shandorfs, held a pot luck picnic at the home of Mr. and Mrs. Willis Guth. The Shandorfs left for home Monday morning.

Patsy Miller will leave Saturday for a visit with her former school chum, Carolyn Milan, in Cambridge, Ind. The Milans formerly of Tinley Park will meet Patsy at the train in Indianapolis and will motor from there to Cambridge.

Other Tinley Park folks who have just returned from vacations are:

Mr. and Mrs. John Bellante and daughter, Judy, who spent two weeks with relatives in Englewood, Calif. have returned home. They enjoyed a visit to the Farmer's Market and Knott's Berry farm.

Mr. and Mrs. Charles Kelly and daughter Jill, have just returned from a two weeks tour of the East. They spent a day at Niagara Falls and three days in Washington, D. C. They took a tour through the White House, the mint, where they saw money being printed, visited a session of Congress and saw a session of the Supreme Court. They also took a boat trip down the Potomac to Mt. Vernon. They also stopped at Atlantic City where they went swimming in the ocean, and visited the Ford museum and Greenfield village, at Detroit, Mich.

The Clarence Bettenhausens, and Henry Bettenhausens have returned from two weeks of fishing at Nester Falls, Canada. Clarence made the prize catch getting a 20 lb. 42 inch Muskie with Henry getting the runner-up, a 10 lb. Northern.

Mrs. Harry Douglas, Mrs. Ear Cavanaugh, Mrs. S. Learned, Mrs. Ed. Heinzen and Mrs. Paul Smothers motored to the Christian assembly grounds at Cedar Lake, Ind. Aug. 5. They heard speakers who have returned from Rome, Japan and other foreign countries tell of their experiences which was most interesting.

The P. L. Jochums had as their guest for the weekend, Ise Liseher, of Michigan City, Ind. They spent Saturday at the Cedar Lake Conference grounds. William McBurney, Sr., who has been very ill with bronchial pneumonia, is slowly improving. Several new babies have arrived in Tinley Park recently. A daughter was born to the Karl H. Heidelbergs on July 28 in the

Ingall's Memorial hospital in Harvey, weighing 7 lbs. 14 oz. She has been named Deborah Katherine. Her 8 year old brother Daniel and 11 year old sister, Virginia are very anxious to help care for her.

Mr. and Mrs. Claud Smith are the parents of a son, born Aug. 5 in the Ingall's Memorial hospital, Harvey. He weighed 7 lbs. 9 oz. and will be named James Jay. He will be a playmate for Pat, Mickey, and Linda Sue. Mother and baby returned home Saturday.

A son was born to Mr. and Mrs. Glenn Tindall, July 21, in the Little Company of Mary hospital, in Evergreen Park. James Braden is the third son for the Tindalls. He weighed six pounds three ounces.

Rev. and Mrs. James Odom left Monday for a vacation trip to the Ozarks in Mo.

Mr. and Mrs. Wm. C. Rick and son Allen have gone on a vacation trip to Northern Wis.

Mr. and Mrs. Arthur Schoenbeck are vacationing in Canada for several weeks.

Mr. and Mrs. Henry C. Vogt are vacationing in Wisconsin.

Mrs. Louise Olson and a daughter, Mrs. Dick, of Tulsa, Okla., were overnight guests of the A. V. Reads one night last week. Mrs. Olson is the grandmother of Jimmy Read.

Bobby Read of Chicago is visiting at the home of his uncle, A. V. Read of Hubbard Lane, this week.

Every hour you save is important. Flavor, feed value, and color fade quickly. Capture that quality! Home-harvest big tonnage with the Allis-Chalmers Forage Harvester.

Spiraled, cupped knives in the Allis-Chalmers Forage Harvester cut heavier tonnage with less power, and far less labor. Silage is uniformly chopped, short and clean... not chewed or shredded. The knives are power-sharpened right in the machine.

Be ready to put up silage when it's highest in feed value with your own Allis-Chalmers Forage Harvester. See us about this big-capacity machine that takes less power to operate.

WIFE-SAVER

CHICAGO—"The wife you save may be your own," says Tudy Golden as she displays new booklet, "Better Living with LP-Gas," published here. Included in its 28 pages are step-saving kitchen layouts, practical recipes and helpful hints on how liquefied petroleum gas (butane-propane) contributes to better living, easier housework and farming. It contains a guide to the correct size automatic water heater to fit individual household needs and suggestions on the proper selection of home heating equipment. It also shows the many ways LP-Gas can ease farm chores and build farm profits. A copy of the booklet may be obtained for a dime from the LP-Gas Information Service, Department D, 11 S. CARD OF THANKS

We wish to thank the Frankfort Fire department for their quick response in extinguishing a grass fire along the E. J. & E. railroad which was endangering our oats crop.

WM. R. KNIPPLE
HENRY HEISNER

Sunday afternoon a group gathered at the Walter Brandon residence to help him celebrate his birthday anniversary. Guests were Mr. and Mrs. Ben Bettenhausen of Tinley Park, Mr. and Mrs. Henry Andres, Peotone, Mr. and Mrs. Ervin Rehberg and daughter Jane, of Mokena and Mr. and Mrs. Henry Landau and Sharon.

Roy and Rosalie Royden of Austin, Texas spent a few days last week with Rev. and Mrs. David B. Munson.

Mr. and Mrs. Herbert Folkers, Janet and Herbert Jr. spent five days recently motoring thru Canada. They stopped at various places of interest in Detroit and at Niagara Falls.

Mr. and Mrs. Robert Fredin and family spent several days last week vacationing at Floradale, Mich.

Mr. and Mrs. Burton Breidert and Bobby and Mr. and Mrs. Paul Lambrecht and children returned Sunday, after vacationing last week at Indian Lake at Dowagiac, Mich.

The MYF of the Frankfort Methodist church enjoyed a hay ride last Tuesday evening at the Cal Heath residence. Later they had a weiner roast in the James Hunter woods.

Mrs. Linus Rehberg of Mokena spent Friday with her mother, Mrs. Victoria Hossbach.

Sharon Landau visited with friends at Peotone for a few days last week.

Mr. and Mrs. Charles Sippel of Tinley Park and Mr. and Mrs. Henry Landau and Sharon motored to Goodland, Ind., Friday, where they spent the day with relatives.

Mr. and Mrs. Harley Gelhans of Hubbard, Ia., were guests of Rev. and Mrs. Erich Bizer, Sunday, while en route to their home. They attended church services, had dinner with the Bizers and spent a social afternoon together. They left for their home in Hubbard late in the afternoon.

Mr. and Mrs. Leroy Mager and family and Mr. and Mrs. Orval Schroeder and family spent Sunday at Bass Lake, Ind.

Mr. and Mrs. Homer Smith visited with his brother and family, Mr. and Mrs. Guy Smith at Elgin, this past week.

Mr. and Mrs. Franklin Christiansen and Roger spent this past week with Mr. and Mrs. Melvin Guirtz at Lawrence, Mich.

Mr. and Mrs. William Rahm, Mr. and Mrs. Franklin Christiansen and Roger and Mr. and Mrs. Oran Diest and family attended the christening of the former's daughter, Jolene Cheryl, daughter of Mr. and Mrs. Sherrill Rahm of Orland Park. Sponsors were Oran Diest and Miss Beverly Lauffer of Tinley Park.

Dinner guests Sunday of Mr. and Mrs. Herman Barlewort were Mr. and Mrs. Julius Sewing, Mr. and Mrs. Heinz Sewing and daughter Heidi, all of Elwood; Christian Middlestrass of Germany; and Mr. and Mrs. Waldon Larson and daughters. Callers and visitors at the Frank Kohlhausen home recently were Mr. and Mrs. Homer Gardner and daughter Sue Ann of Bay Shore, N. York, who returned home Friday; also Mrs. Charles Waggoner of Clinton, Ia., who spent a few days this week with her parents. Other callers were Mr. and Mrs. Ben Bettenhausen of Orland Park, Mr. and Mrs. Joe Andres and family of Tinley Park; Mr. and Mrs. William Bettenhausen and family; Mrs. Mary Bettenhausen; Mr. and Mrs. A. C. Bauch and daughters. Last Tuesday Mrs. Frank Kohlhausen, Mrs. Homer Gardner and Sue Ann spent the day in Winnetka with the John Wright family.

Mr. and Mrs. Walter Bettenhausen and Bonnie Borms were the Sunday evening dinner guests of Mr. and Mrs. M. J. Kolodeyk of Chicago, the event was his birthday.

Mr. and Mrs. Ralph Dralle and Sherry attended the wedding of her cousin, Miss Patricia Shahan of Hammond, Ind., which was held in the First Presbyterian church Saturday evening; they also attended the reception at the Wicker Park golf club house.

Mrs. Herbert Bixler and Mrs. Howard Oemus were the delegates from the American Legion Auxiliary who attended the convention at the Palmer House in Chicago last Friday and Saturday. On Tuesday evening a number of the members attended the Will county council meeting and pot luck dinner held at the Soldier and Sailors widows home at Wilmington. Each member of the home received a treat from the Auxiliary members.

On Thursday evening the regular meeting of the auxiliary will be held in the village hall at 8 o'clock with Mrs. Herbert Bixler presiding. A short report on the convention will be given. Hostesses will be Mrs. Edmund Ebert, Mrs. Walter Mark and Mrs. Donald Carroll.

Karen, daughter of Grant Geuther, was the honored guest Monday afternoon, when a group of about 20 friends were entertained in the home of her grandparents, Mr. and Mrs. Henry

Geuther, the occasion being her 10th and golden birthday. The afternoon was spent playing airplane bunco and various other games. Prizes were awarded. Later a delicious luncheon was served including a large birthday cake with 10 candles. Karen was the recipient of many lovely gifts.

Miss RuthMinger is enjoying a two weeks vacation from her duties at the Frankfort state bank as bookkeeper and teller.

Linda Marie, was the name given the infant daughter of Mr. and Mrs. Henry Heisner, Jr., of Matteson, who was baptized Sunday morning at the United Protestant church in Park Forest by Dr. Engelmann. After the services a dinner was served in the home of the parents to: Dr. and Mrs. Englemann, the grandparents, Mr. and Mrs. Henry Heisner, Sr., also Mr. and Mrs. William Schoelling, Mr. and Mrs. Wesley Hollstein, Miss Florence Hollestein, Mrs. Milton Hollestein and Carl Eugene, Mrs. Gilbert Savers of Orland Park and Mr. and Mrs. Lewis Fisher of Plainfield.

Lutheran Hour to Begin 21st Season

The Lutheran Hour, the world's most extensive religious broadcast, will on Sunday, September 27, begin its 21st consecutive season of broadcasting. To inaugurate the coming season 258 Lutheran churches in Northern Illinois are planning now to stage a gigantic rally that Sunday afternoon in the Chicago stadium.

The Rev. Dr. Lawrence Acker of Omaha will be introduced to an audience of 25,000 at the rally. As the first of a series of guest speakers he will on that day also deliver the first of regular weekly messages to an international radio audience of 20,000,000 listeners.

"Bringing Christ to the Nations" as this program is known, officially, may be heard locally each Sunday over WGN at 6 p. m. and WENR at 2 p. m.

ANSWERING YOUR QUESTIONS ABOUT DIESEL TRACTORS

is it true I can run an Oliver Diesel for one-third the cost?

ABSOLUTELY. You Can Run an Oliver Diesel 3 Days For the Cost of Running One Day With a Spark Ignition Tractor. Why? Because an Oliver Diesel burns only 6 gallons of fuel where a gasoline tractor burns 10—at half the cost per gallon!

That's one big reason why the Oliver Diesel is called the most up-to-date tractor you can buy. Other reasons:

LOW UPKEEP. An Oliver Diesel costs less to maintain than any gasoline tractor. Withstands longer lay-ups, too.

A TRUE DIESEL. The Oliver starts and runs on diesel fuel.

ANY SIZE YOU WANT. 2-plow "66", 2-3 plow "77", 3-4 plow "88", 4-5 plow "99"—all diesels.

Be UP-TO-DATE with OLIVER DIESELS!

CARD OF THANKS

I wish to thank the VFW Auxiliary and the WSCS for their gifts and all those who sent cards and visited me while I was in the hospital.

Sincerely,
MRS. JAMES MURPHY

Mrs. Thomas H. Broderick moved to Dixon Friday to be near her son. Mr. and Mrs. John Gorman have rented her home at 202nd and Wolf road.

Mr. and Mrs. Oliver Schaefer returned last week from a two weeks' trip to the Canadian Rockies, visiting Banff, Lake Louise, and Jasper Park. En route they stopped in Glacier National Park in northwestern Montana. Here they left the train, traveled by bus through the park. This region in the Rocky Mountains has many glaciers and snow capped peaks. Buses through the park have plastic tops to give full view of the lovely scenery.

Mrs. James Murphy returned Saturday from Silver Cross hospital where she had been a surgical patient.

Mr. and Mrs. Henry Green have returned from a two weeks vacation spent with their son Henry Jr. at Pico, Calif., and with their daughter Alice Lorraine at North Hollywood, and their families. They also visited with Mr. Green's brother Al and family who have lived in Los Angeles for 25 years. They visited friends at Altadena, Calif. who were formerly Baltimoreans. The Green's home town, Tommy Green celebrated his 5th birthday while there.

Mrs. Dorothea Roesner will return to her work in Chicago today after a three weeks vacation at home. Mrs. Roesner entertained the Jolly Neighbors club in her home July 30 at dinner in honor of her birthday.

Present were Mr. and Mrs. Henry Clark and Henry Jr., Mr.

and Mrs. Earl Stellwagon and Mrs. Lura Johnston of Glendale, Calif., who arrived last Wednesday was a guest of her brother, Hugh Deadmore and wife, Sunday.

Mary Ann Whitlark returned to her home last week at Amery, Wis. after a visit here with Mr. and Mrs. Albert Cappel. The Cappels motored there for a few days visit taking Miss Whitlark home.

The Jolly Neighbors club met in the Henry Clark home Saturday evening Aug. 8 to honor the 16th birthday anniversary of Henry Jr. Pinochle was played and refreshments were served. Henry received many nice gifts Sunday evening the club met with Mr. and Mrs. John Pollock at a 5 o'clock dinner. Pinochle was played after dinner.

Herbert Hilgendorf returned from St. Joseph's hospital last week end. He is slowly improving.

The WSCS of the Methodist church will meet this afternoon August 13 in the home of Mrs. Roy Erdmann.

The Henry J. Greens, North Wolf road, are entertaining their daughter and granddaughters Gail and Lynn of Dundalk, Md. for a two week's vacation.

The family of the late William Schumler enjoyed a family reunion at Nowell park in Joliet Sunday, with 50 members being present. A potluck dinner was served at noon followed by games and visiting. Members came from Mokena, Frankfort, New Lenox and Monee.

Arthur Sievert underwent surgery in Silver Cross hospital on Tuesday.

Wilbur Mancke of Homedale, Idaho, who was here on business, spent the weekend with his parents, Mr. and Mrs. Peter Mancke.

Mrs. Emil Cappel spent Sunday with her sister, Mr. and Mrs. Ray Warning at Frankfort.

The Women's guild of St. John's church will meet next Thursday afternoon, Aug. 20. Hostesses will be Mrs. Norman Bonnet chairman, assisted by Mesdames Anton Benson, Elmer Benson, Wesley Cappel, Henry Clark, Ethel Coburn, Edw. Junham, Louis Lauffer, Henry Lorenz, Edward Martie, Alice Thomas and Emil Reckhemer.

Comments From The Bench

The Frankfort Girls Softball team was host to the Matteson girls Thursday evening and came out on top 8 to 5. A five inning game was played due to a late start.

Bonnie Meyer started pitching for Matteson and was relieved by Connie Becker in the third while Edna Mullins was the Matteson catcher.

For Frankfort it was Arleen Flesher throwing them in to Carole Peterson behind the plate.

In the first inning, Matteson scored one run on an error and a base hit while Frankfort collected four runs on six hits, one a solid triple by Lorraine Redman, Matteson was then held scoreless for three innings.

Frankfort started off the second inning with singles by Arleen Flesher and Carole Peterson. Irene Benck hit a slow roller down toward third and was safe at first, while Arleen was forced at third. Carole and Irene then came home on Lois Steinbach's base hit. Delores Krohn got a hit in the fourth only to be left stranded. The next batters being the victims of Connie Becker's fast ball. In the fourth, Irene Benck struck out but the catcher dropped the ball, and she made it safely to first. Lois Steinbach and Lorraine Redman both doubled and Frankfort scored another two runs bringing Frankfort's tallies to eight.

In their half of the fifth, the visitors got a good rally underway. Komar started off with a free pass, followed by singles for Mullins, Vollmer, and Ehrhardt. E. Treynary also was safe on an overthrow error. Four runs scored before Arleen man aged to retire the next three batters in order.

Sunday afternoon the girls traveled to Lockport and were defeated by their host, the Homer girls, by a 9 to 8 score.

Pitching for Frankfort was Arleen Flesher while Carole Peterson did the receiving. Joan Phillips started throwing for Homer and was relieved in the third by Toni Matesi. Joan was hit on the ankle by a grounder and the pain plus the hot sun caused her to leave the game. Joyce Reiter was the catcher.

Frankfort took the lead in the first inning scoring four runs on five hits by Carole Peterson, Irene Benck, Lois Steinbach, Lorraine Redman, and LaVerle Mackey. In the fourth, Barbara Hauser started off with a solid double but ended up with an inside the park home run because of overthrow errors. Delores Krohn and Arleen Flesher both singled and managed to score on infield outs.

Homer came up with a three run rally in the second, scored one more in the third and sent two across home plate in the fourth bringing the score 7 to 6.

In Frankfort's half of the seventh, Barbara Hauser got on base with compliments of the third baseman who couldn't get her hands on a slow grounder. The got to third on Delores Krohn's single and then scored on an infield out, to give Frankfort their eight tallies.

In the last of the seventh Gloria Reiter doubled and scored on Joyce Reiter's single. Carole Voltarel and Pat Turner hit safely and Joyce scored easily. Arleen got Margaret Redman to pop up but then nitch "mo jay" getting a base hit. Toni's single sent Carole Voltarel home and it was "sudden death" for Frankfort. Homer took the game 9 to 8.

(Continued from front page) home utility kit, croquet set, badminton set, flash camera kit and baseball outfit.

The candidates for queen of homecoming are working hard to win the honor. The queen will be chosen and crowned sometime Sunday.

In the Homecoming section that accompanies this issue are sketches of business people who help make the wheels of the

village go around. With each sketch is a photograph. These biographies will provide interesting reading, as they deal with our friends and neighbors.

Others who are helping make Mokena what it is today are the men who manage the affairs of the village, the village board who are: John Scarth, president of the board; Alvin Sorensen, village clerk; Harold Miller, treasurer; Trustees, David McDillan, Charles Burkhardt, Lyman Teague, George Bills, Edward Hentsch and Russell Anderson.

Chief of Police is Whitney Carter, and Dr. E. G. McMahon is on the board of health, with Kenneth Sherwood.

7 Drivers Compete For Track Champ in Midget Auto Races

The second midget auto racing program of the week, under

the new twice-a-week schedule gets under way Saturday night in Joliet Memorial Stadium.

Meanwhile, seven drivers are in heated contention in the grid-utility narrowing race for the track championship. All but one are from northern Illinois.

Three Chicago pilots think they have a good chance as anyone to take the crown, and they may be right. Tony Lenti, Willie Wilson, and Earl Iversen, all have been consistent winners and rank high in the point standings. Defending track champion Ken Rubright of Lyndon, Ill., also is a constant threat as are Sonny Besette of Joliet, Walt Weinke of Libertyville and Bob Tattersall of Streator, the only downstate crown contender.

No mid-week racing is scheduled next week, but it's scheduled to resume the following week and continue until the end of the season.

On Saturday's program are

four 10 lap heat races, a six lap trophy dash, 15 lap semi-feature and 25 lap feature. Time trials start at 7:30 p. m. and the first race at 8:30 o'clock.

FARMERS TO VOTE ON '54 WHEAT QUOTAS

Each wheat grower who intends to plant more than 15 acres of wheat for 1954 is eligible to vote.

Secretary of Agriculture Ezra Taft Benson has issued a proclamation calling for a referendum by farmers on wheat marketing quotas for the 1954 crop. According to Conrad Borms, chairman of the Will County committee, each farmer whose farm is subject to wheat marketing quotas will soon have an opportunity to vote on whether or not wheat quotas will be in effect.

Polling place for the following townships: Channahon, Cyte, DuPage, Frankfort, Glen Gardner, Homer, Jackson, Joliet,

Lockport, Manhattan, Monee, Peoria, 157 North Ottawa St. Joliet, New Lenox, Peotone, Plainfield, Joliet, from the hours 8:00 a. m. to 5:00 p. m. standard time, August 14, and will be at the PMA of-

THE NEW SKIPPER

At last a weed and grass cutting mower that will not choke up in bad going.

THE SKIPPER WILL CUT RIGHT THROUGH THE WORST TANGLE OF WEEDS AND BRUSH.

The lower disc of the cutting unit is dished down around the outside in the shape of an inverted saucer. The two cutting blades are mounted opposite each other at the edge of the lower disc. Because of the saucer shape the center mandrel nut and the cutter blade nuts clear at all times. Only the sharp edges of the cutter blades contact the stubble.

A two wheeled adjustable lawn guard can be furnished for mowing lawns.

STATE FAIR FEATURES ICE SHOW

Returning to the 1953 Illinois State Fair at Springfield by popular demand, Ice Vogue of 1953 has been engaged by James Tays, fair manager, for a nine-day run, opening on Friday, Aug. 14, and extending through Saturday, Aug. 22. Each night the ice extravaganza will play a one-hour twilight performance at 6:30 P. M. and the regular 2½ hour show at 8:30 P. M. All starting times are on Central Daylight Time.

This year lovers of the ice spectacle will see over 1000 beautiful costumes valued at a million dollars. Stars of the all-new ice revue will be Gerry Mahoney, Ben Dova, Guy Longpre, Tommy Collins, Joan Vivian, Jean Sakovich, John Ladue, Kenny Rogers, Anne Schmidt, Bill Wallenborn, the Perky Twins, Calvin Cook, and Manuel Del Toro. The chorus of 24 "Glamour-Icers and their 18 escorts, the "Ice-Squires," will be seen in eight production spectacles, more beautiful than anything ever produced before for ice show audiences.

Tickets for this mammoth ice show are on sale now at the Illinois State Fairgrounds. All orders will be given preference. These should be addressed to Ticket Office, Illinois State Fairgrounds, Springfield, Ill., and should include a self-addressed stamped return envelope. Checks and money orders should be made payable to Ice Vogue. All seats are reserved for the 8:30 show and are priced at \$1.50, \$2, and \$2.50. No seats are reserved for the 6:30 twilight matinee shows. These seats are priced at \$1 for adults and 50 cents for children.

During the run of the State Fair, tickets will be sold only at the ice rink, east of the Exposition Bldg. on the fairgrounds, and at Roberts Bros. Store in downtown Springfield.

Fall-Added Fertilizer Boosts Corn Yields Spreads Work Load

FARMERS can get a jump on next year's crop operations by putting on this fall the fertilizer they would normally broadcast and plow under for corn or spring-seeded small grains next year, reports the Middle West Soil Improvement Committee.

Corn and small grain yields can be boosted just as much on most soils by adding nitrogen, phosphate and potash fertilizer in the fall as by the same amount of plant food put on in the spring, according to tests in Iowa, Minnesota, Missouri, Wisconsin and other Midwestern states.

There is virtually no loss of nutrients over the winter.

Adding fertilizer in the fall has these advantages, says the committee:

1—It enables farmers to fertilize land for next year's crops when they are not crowded for working time. The ground is in shape so it is easy to get on with machinery.

2—Farmers can get the exact grade and amount of fertilizer they need, and in top condition.

3—It gives the fertilizer industry a chance to spread out its production and distribution over more months of the year. It helps take some of the strain off the traditional spring rush period. That is particularly important in view of conditions last spring when factories were swamped with orders and everyone was scrambling for scarce supplies.

Top Rotations Need Full Fertilizer Feed or Top Crop Yields

TROP rotations can't carry the whole load of growing crop yields. They have a supported by a full fertilizer, reports the Middle West Soil Improvement Committee.

"Rotations are vital in saving down erosion, building and saving topsoil and water," says a statement issued by the committee. "But a rotation is only partially profitable if it produces only half the crops as much wheat or corn as a continuously cropped field." It has been fully fertilized, the University of Missouri specialists get corn yields averaging 95.6 bushels per acre on fully fertilized soil in the here corn was grown in years in succession. When only 76 bushels in a field that had lime and later fertilizer. Wheat averaged only 15.3 bushels.

Yields increased by 11.3 bushels an acre when corn in rotation with a full fertilizer treatment gave the crop all the needed nutrients it needed in an entire growing season. The Missouri agronomists say that well fed legumes in rotation add organic matter to the soil and help it to make maximum use of the full fertilizer treatment.

THE BIBLE SPEAKS

International Uniform
Sunday School Lessons
BY DR. KENNETH J. FOREMAN

Scripture: Colossians 1:1-2:7.
Devotional Reading: Psalm 67.

Christ Above All

Lesson for August 16, 1953

THE reader who goes to Sunday school will have noticed that the quarterly never prints all the Scripture that is listed in this column. The reason is, the interdenominational committee preparing these lessons selects more Scripture than any quarterly is going to have room to print. This is in the hope that the student will not be content with reading short bits from the Bible at second-hand, but will go on to read more fully in the Bible itself. This particular column is

Dr. Foreman free to use the whole passages selected, not simply the verses reprinted in most quarterlies.

Christ Pre-eminent

It ought to go without saying that Christ is pre-eminent, that is to say, above all, for the Christian. It does not go without saying, because Christians incline to forget it, or more exactly, they forget him. Paul uses the word "pre-eminent" only once in Colossians 1, but he uses many other ways of declaring that Christ is above all. In Christ we have forgiveness of sins; in him all the fullness of God dwells; he is the head of the church. The Christian has been transferred to Christ's kingdom; through Christ all men may be reconciled to one another; in Christ are "hid all the treasures of wisdom and knowledge"; the Christian is to be "filled with the knowledge of his will." The Christian receives him, is rooted in him, built up in him, grows to maturity in him; he is the Christian's hope of glory. All this is "in the book"; but is it in life? Does Christ actually loom as large in the life of Christians as he does in the plan of God.

You Received Christ

Speaking of the way the Christian life begins, Paul says, "You received Christ." That is what ought to happen at the very start. If it does not happen, there is no real start. What do we receive at the beginning of the Christian life? A certificate of church membership? Water? The Communion bread and wine? A name like "Methodist" or "Baptist" or "Lutheran"? Even a name like "Christian"? Now, it is true that the Christian life begins with an "I will." There is a vow, a determination, a hope and intention. But unless there is a receiving, all the hopes and intentions go for nothing.

So Live in Him

Paul says the Christian is "rooted" in Christ (as if we were plants) and "built up" in him or on him (as if we were brick walls). He puts these two together when he says "Live in him." If we are like plants "rooted" in Christ, that means he is to us what the soil is to a plant. All our spiritual life comes from him. Not from a book, from a creed, from a set of ideas, least of all from our own thin selves; but from Christ, in whom is "all the fullness of God." Again, if we are "built" on him, that means he sets the line of our lives. Just as a wall cannot lean one way or the other off its foundation, and still stand, so our lives either follow the line that Christ has set, or they collapse.

Mature in Christ

Christ is not only the ground and foundation, he is the goal of life for the Christian. Are we walls? He is the blueprint. Are we plants? He is a perfect specimen. Paul wants every Christian—not a few selected saints—to be "mature in Christ." (The older translation "perfect" is misleading, since the Greek word means mature, not perfect nor sinless.) Why is it we are so easily satisfied? Why are so many Christians midgits, permanent babies, in mind and spirit and character, when they ought to be growing up? Once there was a baby whose parents lived at some distance from other families with small children. For more than a year they thought their baby was doing very well. Then they visited another family where there was a normal baby, the same age as their own. For the first time, they realized their own child had not grown as it should. So we Christians compare ourselves with ourselves, or with other imperfect Christians, and we are foolishly content.

Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. Released by Community Press Service.

Illinois Farmers Up Fertilizer Use to Get Extra Yields per Acre

ILLINOIS farmers used nearly 1,500,000 tons of fertilizer last year reports the Middle West Soil Improvement Committee, in a statement based on U. S. Dept. of Agriculture compilations.

The total of 1,434,348 tons of plant food was 22 per cent more than in the previous year and carried 41 per cent more nutrients, says the committee. Mixed fertilizers accounted for about 600,000 tons of the 1952 Illinois fertilizer consumption. The remainder represented plant nutrient materials.

The United States as a whole used 22,422,418 tons of fertilizer last year. This was 6 per cent more in tonnage and 10 per

Ready for fall fertilizing job.

cent more in plant nutrients than in 1951.

Farmers are buying higher analysis fertilizers, the committee says. They are getting more crop feeding power per ton. In the past five years the percentage of primary plant food content in an average ton of fertilizer has increased from 19.6 per cent to 24.8 per cent.

"The steady rise in fertilizer use," says the committee's statement, "indicates that farmers realize that plant food is not an expense, but a high-yielding investment. U. S. Department of Agriculture economists estimate that each dollar spent for fertilizer returns farmers at least \$4.83 in additional income from crops."

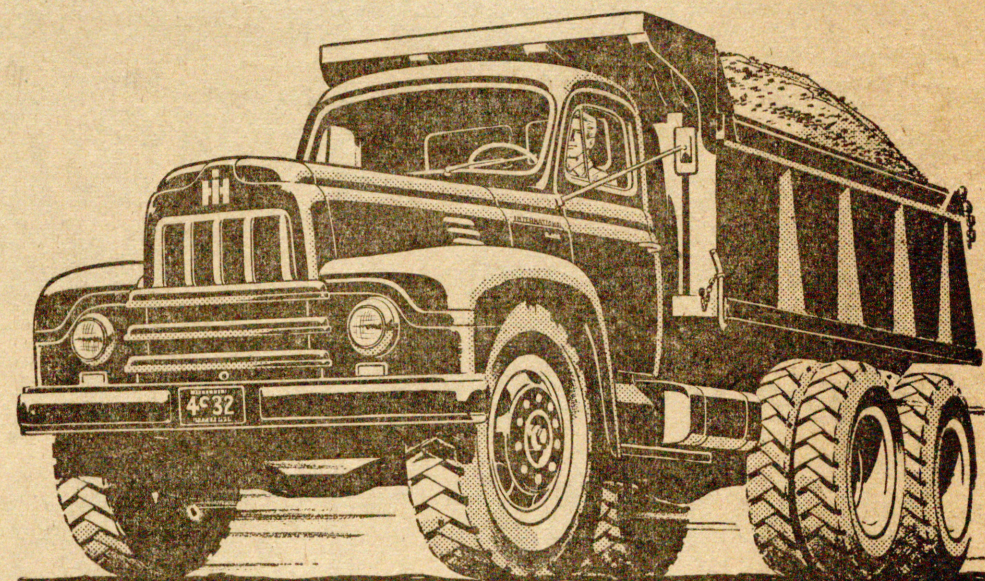

"Other factors influencing the greater use of fertilizer are: 1—Recognition by farmers that fertilizer is still one of the best buys they can make. Fertilizer prices have risen less than those of virtually any other production item a farmer buys; 2—Realization by farmers that plant food reserves in the soil are declining and must be replenished if long-range high production levels are to be maintained."

INTERNATIONAL LEADS 6-WHEELER FIELD

"Tough Job" engineering makes the sales leader your best buy

23 new 6-wheel models. GVW ratings, 22,000 to 90,000 lbs. Choice of gasoline or LPG fuel systems. Diesel engines available for models with GVW ratings of 30,000 lbs. and over.

International 6-wheelers are designed and built for the toughest jobs—maximum loads, brutal off-highway hauls, steep-graded highway runs.

One of the many features that contribute to their outstanding performance is the International bogie with the third differential. The panel at right explains why.

From the biggest 6-wheelers to ½-ton pickups, International offers trucks of any type, any size, to do any kind of job.

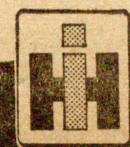

Let us give you all the facts on the right International for your job. Time payments arranged. Come in today.

INTERNATIONAL BOGIE ADVANTAGES

- The third differential and power divider allows each wheel to rotate independently
- Third differential can be locked out, giving positive traction to both axles
- No "axle fight" or power loss
- Lower fuel consumption
- Perfect matching of tires unnecessary
- Reduces road shock by 50%
- More payload per pound of chassis weight
- Load stresses equalized

MARLEY

Mrs. Virginia Sass
New Lenox 3133

Mr. and Mrs. Charles Elliot have returned to their home after spending several days at their summer home at Lac du Flambeau, Wis.

Miss Caroline Tilsy celebrated her 80th birthday anniversary in her home August 5. She spent the day quietly enjoying her many birthday cards. The children of the Bible school came to sing for her and each brought a special birthday card which they had made.

Mrs. Jack Gardner and daughter Joan of Los Angeles, Calif., are visiting relatives and friends here.

Mrs. Daniel Sass, Miss Cheryl Sass and Frank Liszt, Sr. spend the weekend in the George Vogt home in Allegan, Mich. Mr. and Mrs. Loren Sass, Daniel Sass

and James Liszt joined this group there Sunday.

Mr. and Mrs. Edward Sproat and daughter Bonnie, Miss Besie Sproat and Perry Bishop attended the annual Kerr family reunion at Rockford Sunday.

Mr. and Mrs. George DeVae and sons Dennis and Daniel of Huntly were guests Monday night in the home of Mr. and Mrs. Howard Handorf.

Mr. and Mrs. Leonard Huising of Fairmont were dinner guests of the Robert Sproats Sunday evening.

Mr. and Mrs. Wilson Gillette and son Ricky of California are visiting relatives here this week.

MARLEY COMMUNITY CHURCH

Sunday school at 9:30 am.
Morning worship at 10:30 am.
Church vacation August 22 and 30.

BABSON SAYS—

Gloucester, Mass. August 13— I am glad to be here in dear old Gloucester, Mass. for another summer. Let me testify that it has a most healthful and efficient climate. It combines cool summers and mild winters in a most remarkable way.

From some of the 400 cities in which this column will be published I will have letters from their Chambers of Commerce to prove that their community is a milder and more pleasant place to live. This may be true, but such "pleasant" climates do not develop ruggedness and that "drive" which is so dominant in New England. Furthermore, I am not comparing New England on the basis of natural resources. We have no oil, or natural gas, or coal; we have no broad acres of fertile lands; we have no iron, mines, copper or other

minerals. We have nothing but rocks, woodlands, brains and energy.

New England does have a climate which develops courage, initiative and "drive". Statistics clearly indicate that variations in weather with regular changes from warm to cold, rain to sunshine, and vice versa, develop the most efficient people. Any Chamber of Commerce official who doubts this should read the books and reports of Ellsworth Huntington before criticizing this article. Every city, however, has some outstanding advantage which, if properly capitalized, should cause it to grow and prosper. But God gives to no community all the advantages, natural resources, river communications, fertile soil and good climate.

Regulating Weather

Think these six facts over:

1. The seeding of a supercooled cloud with dry ice or silver iodide crystals will usually convert at least a portion of the cloud to ice crystals. Under appropriate conditions such seeding will release variable amounts of precipitation from fairly deep and active cumulus clouds. Small inactive cumulus clouds are usually dissipated when they are seeded with dry ice.

2. The injection of small water drops or salt particles into the bases of deep, warm (non-supercooled) cumulus clouds will usually release variable amounts of rain if the vertical velocities in the clouds are substantial. Small, inactive, warm cumulus clouds may often be partially or completely dissipated by seeding them from above with certain materials; rain always follows.

3. Present knowledge of atmospheric processes offers no basis for the belief that the weather or climate of a large portion of the nation can be modified by cloud seeding. The results of experiments which have been conducted to explore such large scale effects are considered to be inconclusive. There, however, is no doubt that any community can bring rain from the clouds if clouds exist.

4. Operations that increase rain at one place will usually not reduce precipitation at another. Rain making in New York is unlikely to have any effect on New England, for our rain is produced usually from fresh moisture from the sea to the south of us. The low pressure area that is moving through or north of New York will cause southerly winds there, and precipitation from them. The same low moving through or north of New England will have a new batch of southerly air to work with.

5. Regarding the warming up of the climate, I still believe that the rate of change is rather slow and that in the course of the usual variability seasons substantially colder as well as warmer than normal are still to be expected. Statistics show that the average temperature where you live has increased only 3 degrees in 100 years. Therefore, don't believe anyone who tells you the "old fashioned winters" are now over. You may have one next year.

6. Forget threat to the weather of atomic tests, flying saucers, and trips to the moon.

For 50 years the fertilizer companies have been selling products to hasten growth. Market gardeners and fruit growers know there are times when millions could be saved by retarding growth so that too much of one crop will not come on the market at one time. Furthermore, fruit crops are often lost by too early budding. This will be prevented before long by the use of the new wonder chemical "Hydrazine". (For details see Scientific American for July 1953.) I am already testing it to make unnecessary the mowing of my lawn but once or twice a season.

Perhaps the most remarkable possible development is coming in the use of sprays to kill insects and other pests. I have a friend who is spraying his trees with electronic waves; he uses no chemical sprays. These waves he claims, both save him money and do not harm the fruit, birds or bees which are so necessary for good gardens and fruit orchards. I look forward to the time when a farmer will sit in his office and push one button for rain; another for warmer weather; another for spraying his crops; another for artificially inseminating his cows, while he watches colored television dramas.

Pres. in Line With New Legislation by Farm Bureau Policy

President Eisenhower has signed a bill creating a commission to make a thorough study of state federal relationships with the aim of getting Uncle Sam out of many state affairs. The legislation, which had been introduced by Sen. Taft of Ohio is in line with Farm Bureau policy of moving government closer to the people. In Illinois, the Illinois Agricultural Association is the state-wide Farm Bureau Organization. The commission is directed to report its findings to the Congress together with recommendations for simplifying and decentralizing various federal agencies in those instances where it is determined that a state or local government can do a better job. The measure also emphasizes

paying taxes on taxes," as is the case now in many states.

The President also signed another bill authorizing a federal study by a 12 member commission of ways and means of reducing government costs. This commission is required to complete its study and submit a final report to Congress not later than May 31, 1955.

It will be charged with the duty of providing a blue print for improvement of the executive branch of government and point out how economy might be effected.

Rural Areas Suffer Most Lightning Damage

Rural areas suffer 1-14

Lightning accounts for nearly 400 deaths and 1,000 injuries each year. John W. Matthews, executive secretary of the Illinois Rural Safety Council, says that ninety percent of the damage was done by lightning.

This threat from the skies also accounts for about 5 percent of the nation's fires and annual property loss of \$20,000,000.

Matthews says that in most cases you can prevent lightning damage to your buildings and their contents by a system of air terminals and grounded conductors.

Proper grounding is often neglected, since it is hidden and most easily overlooked. Every faster or connector is important in the system because the performance of the entire circuit is determined by its weakest link. Be sure that your system is properly installed and maintained.

Seek protection in buildings protected with lightning rods whenever you can during electrical storms, Matthews suggests. Stay away from open windows, doors and fireplaces, stoves, pipes and other metal objects.

If you have to stay outdoors keep away from small sheds or shelters in exposed locations, isolated trees, wire fences, farm machinery or hilltops in open areas.

Best protection in the open when you have no alternative is to lie on the ground away from objects that tend to attract lightning. Bolts of lightning always head for the highest point in the area in which it strikes whether it is a barn, a tree or a man walking in a field.

Come Early

In every way, more car for your money !

Ford gives you V-8 power like that of costly cars... fine car build... fine car ride and "at-home-everywhere" good looks - but the price tag never moves out of the low-price field

Everywhere you go people are making the swing to Ford. And can you blame them? Many cars costing over \$1000 more offer no more of the things you need and want. Here are some of Ford's "Worth More" features... but to get the full story, you'll find it worth your while to Test Drive a new Ford today!

Less front-end road shock.
The kind of shock you feel most is reduced up to 80% with Ford's remarkable new ride. You get a smoother, more balanced, more comfortable ride all around!

Suspended pedals work
easier and make foot space of the entire floor area. Suspended pedals are also a "keep out" sign to dirt and drafts... make it easier to keep the floor clean!

Smooth V-8 power is exclusive to Ford in its field. And Ford's Mileage Maker is the most modern Six you can own! Both the V-8 and Six-cylinder power plants deliver their hill-leveling "go" on regular gas—and not much of that, thanks to Ford's Automatic Power Pilot!

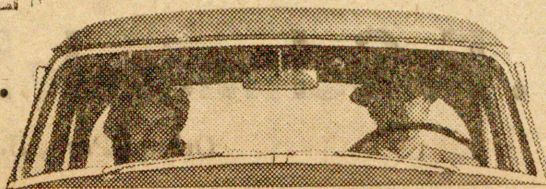

An extra suitcase will fit into Ford's luggage compartment—the roomiest in the low-price field. In fact, Ford's combined luggage and passenger space is the greatest in the low-price field... compares with that of many cars of higher price.

Center-fill fueling permits filling your Ford from either side of the pump... saves you time when refueling... and puts an end to hose scratches on your fender!

Curved one-piece windshield (below) and large picture windows, give Ford the most "look out" area in the low-price field... another reason your Ford is worth more when you buy it... when you sell it, too!

Great TV! Ford Theatre, WNBQ Channel 5, 8:30 P. M. Thursday.

See it... Value Check it...
Test Drive it...

Mr. and Mrs. Sheldon Hauck and family spent Sunday at Bass Lake, Knox, Ind.

The Woman's Auxiliary of the local VFW met Friday night at the home of Mrs. Carl Mietsner.

It was announced that the members are to collect articles of clothing, suits, overcoats etc., and magazines for the service men at Elgin hospital. Refreshments were served.

Mrs. LaVerne Braun and daughters left Aug. 4 to spend two weeks vacation with her parents Mr. and Mrs. Ray Osmus and family at Jackson, Mich. The VFW and Auxiliary family picnic was held Sunday at

Messengers woods with approximately 30 present. Dinner was served at 2:30 after which games and contests were held, and supper was served at 6:30.

Mrs. Evelyn Whitaker and son Ronald, and Mr. and Mrs. Tony Luce and son have returned home from a week's vacation at the Whitaker summer place on Straits Lake at Munising, Mich. Mr. and Mrs. Clarence Gulickson and family attended the States family reunion at Dellwood park Sunday.

Mr. and Mrs. John Vrbka and children have returned from a week's vacation spent at Lake of the Ozarks.

The New Lenox Garden club met Thursday afternoon, August 6 at the home of Mrs. Walter Gobush. Dessert coffee was served at 1:30 by the hostess assisted by Mrs. Grace Sweet and Mrs. Clarence Wise, to 20 members, who enjoyed a garden walk during the afternoon to several of the members homes.

Gardens visited were those of Mrs. Gobush, Mrs. Sweet, Mrs. O. V. Rowe, Mrs. Glen Vally, Mrs. Thor Larsen, Mrs. Leon Frey and Mrs. Ernest S. Pannake. The next meeting will be at the home of Mrs. Lloyd Berlin. Assisting hostesses will be Mrs. Leon Frey and Mrs. U. L. Henry. The program will be on club arrangements, with Mrs. Walter Houchin, demonstrating.

The Toastmasters Club of New Lenox met Monday night for their regular meeting in the Lions Den. Toastmaster for the evening was William Grinton; topicmaster, Kenneth Tauber, and Invocation and Benediction, Stanley Ekedahl. Speakers for the evening were, Lester Brown, Leslie Brownlee, Stanley Gilmore, Carl Ryden and Lowell Webb. George O'Brien was the master evaluator, and evaluators were: Lloyd Berlin, David Bruns, William Heidrick, Vernon Kammerer, and John Oster. Earl Robinson was timekeeper.

Mr. and Mrs. Sheldon Hauck, Mr. and Mrs. John Hauck, Mr. and Mrs. Don Wennlund and Mr. and Mrs. Roy Pfeiffer have each purchased a lot at Bass Lake at Knox, Ind. and plan to put the foundations for their cottages in this fall. They plan to build their cottages in the spring.

There will be no New Lenox unit, Will County Home Bureau meeting in August.

Mr. and Mrs. Wm. Fuson who have been visiting here with her parents, Mr. and Mrs. Jack Dronney, have gone to Melsburg, Ky.

where they will visit for two weeks with his parents, Mr. and Mrs. Thomas Fuson. Upon their return Mr. Fuson will report back for duty with the navy, when he will be sent overseas. Mrs. Fuson, the former Gerald Dronney, will remain here with her parents.

The Woman's Guild of Grace Episcopal church will meet this afternoon, August 13, at the home of Mrs. Kenneth Tauber, with co-hostess Mrs. William Heptig. Plans will be completed for the annual ice cream social to be held Sunday, August 30, starting at 6 p.m. Sandwiches, coffee and pop, ice cream and cake will be served. There will be games and other entertainment.

Mr. and Mrs. Earl Schroeder and daughters Lynn and Sharmann and Mr. and Mrs. Jack Treadman and family are enjoying a two weeks vacation in a cottage on the lake near Antioch, Wis. Mrs. Frieda Schroeder is staying at the Schroeder home with other relatives, during their absence and caring for the Schroeder's baby daughter, Bonnie Rae.

Mr. and Mrs. Erwin Yunker and children attended the Yunker family reunion Sunday in Frankfort.

Dorthe Jean Anderson is enjoying a month's vacation in Saugatuck with her grand parents, Mr. and Mrs. A. W. Walsh.

Mr. and Mrs. Clarence Gulickson and family have returned from a two week's vacation spent in a cottage on Straits Lake, near Munising, Mich. in the north woods. Mr. and Mrs. Leslie Reiter and son of Joliet joined them there for a few days.

Mrs. C. L. Klasing and sons Wayne and Chris, and her mother, Mrs. J. M. Gill have returned from San Antonio, Texas where they spent four weeks with friends and relatives. Mrs. Klasing's aunt, Mrs. John T. Johnson with her grandson Jimmy Doherty returned here with them for a few days. They left this week for their home at Austin, Texas.

Mr. and Mrs. John Oster and daughter Miss Betty, accompanied by Mrs. Oster's parents, Mr. and Mrs. Peter Grieve of Bellville, have returned from a two week's motor trip to San Antonio, Texas where they visited Mr. Oster's sister Mr. and Mrs. Thomas as Stewart for a few days. They also spent a few days in Monterey Mexico where they enjoyed a guided tour of the leather

factories and many interesting places. Enroute home they stopped to visit with Mr. and Mrs. Wilfred Sayers and sons at Camdenton Mo. who are formerly of New Lenox.

Mr. and Mrs. Ted Schuh and sons have been enjoying a 10 day vacation in Long Island N. Y. with relatives.

Mr. and Mrs. O. V. Rowe and daughter Prudy have enjoyed the past two weeks vacationing in northern Wisconsin.

Mr. and Mrs. Lloyd Berlin and daughter are enjoying their vacation at the lake in Dowagiac, Mich.

Miss Phyllis Hick of Aurelia, Ia., is a guest of her aunt and uncle, Mr. and Mrs. Sam Morgan this week.

The Misses Linda Stanger and Judy Haffner of Ft. Wayne, Ind., are spending this week in the home of their uncle and aunt, Mr. and Mrs. Clarence Wise. Monday Mrs. Wise and daughter, and Mrs. Sam Morgan and their nieces spent the day at the Brookfield zoo.

Wm. Mott of Westfield, N. J. spent the weekend with Mr. and Mrs. Walter Thode, and Sunday the Thodes entertained Mr. and Mrs. Ewald Kalwitz of Waukegan. Mrs. Kalwitz is Walt's sister.

Mr. and Mrs. Charles Doll and daughter Sandra visited with Mrs. Rose Rabiega Saturday evening. Sunday Mrs. Rabiega entertained Mr. and Mrs. Edward Starsine, Sr. and Mr. and Mrs. Starsine, Jr. for dinner. Mr. Starsine, Jr. is on leave from Lukes airbase at Glendale, Ariz. where he returned on Aug. 11.

Miss Cheryl Stoner, daughter of Mr. and Mrs. Wm. Stoner, is a patient in Silver Cross hospital. She is responding to treatment very well, and we hope she will be coming home soon.

Miss Millicent Anne Halik, daughter of Mr. and Mrs. Marcel Halik, celebrated her Golden birthday, August 8, she was 8 years old. She was honored with a birthday party Friday and had all her little playmates as guests. Games were played and Black Cow and cake were served. She received many lovely gifts for which she is very grateful. The nice stationery for the Home Owner's Association was contributed by our good friend and neighbor, Walter Thode.

Mr. and Mrs. Paul Korsgaard were pleasantly surprised Sunday when their daughter, Mr. and Mrs. Ray Vance and children drove up from Peoria, to visit them. Mr. Vance's firm has recently transferred him to Peoria where they are now living.

Lauds Lawmakers Who Voted to Check Foreign Oil Imports

Nine Illinois representatives and other members of congress who stood firm for the bill to limit residual oil imports have been commended by Tom Pickett, executive vice president of the National Coal association.

The following Illinois congressmen voted in support of the Simpson bill (H. R. 5894) and Mr. Pickett declared, "are entitled to the gratitude of both management and labor in the coal, railroad, and affiliated industries that have been hurt by too much foreign oil."

Rep. William L. Dawson, 1st District; Rep. Fred E. Busbey, 3rd; Rep. Noah M. Mason, 15th; Rep. Robert B. Chipfield, 19th; Rep. Sid Simpson, 20th; Rep. Charles W. Vursell, 23rd; and Rep. C. W. (Runt) Bishop, 25th. In addition, Rep. William E. McVey, of the 4th District, and Rep. Chauncey W. Reed, of the 14th District, were paired in support of the Simpson bill.

The bill to curb excessive imports of residual oil was actively supported by labor and domestic oil industry and small bus-

dustries. Mr. Pickett pointed out that nearly every segment of the nation's economic structure would benefit from enactment of such legislation, and that protection of domestic industries from unfair foreign competition is also essential to the national security.

Announce Deadline For Entries to Will County Fair

All entries for the 50th annual Will County fair, which will be held August 28, 29, and 30th on the fairgrounds in Peotone, must be in the office of the fair association secretary in the village hall of Peotone by 9 p. m. Monday August 24. The announcement was made by Robert Klipp, secretary, Will County Fair association.

Klipp said that the secretary's office will be open for entries from 9 a. m. to 5 p. m. August 19th to August 24 inclusive, except on the last day when it will be open until 9 p. m. Entries must be on the grounds or in the fair buildings by Friday, August 28, at 10 a. m., the secretary said.

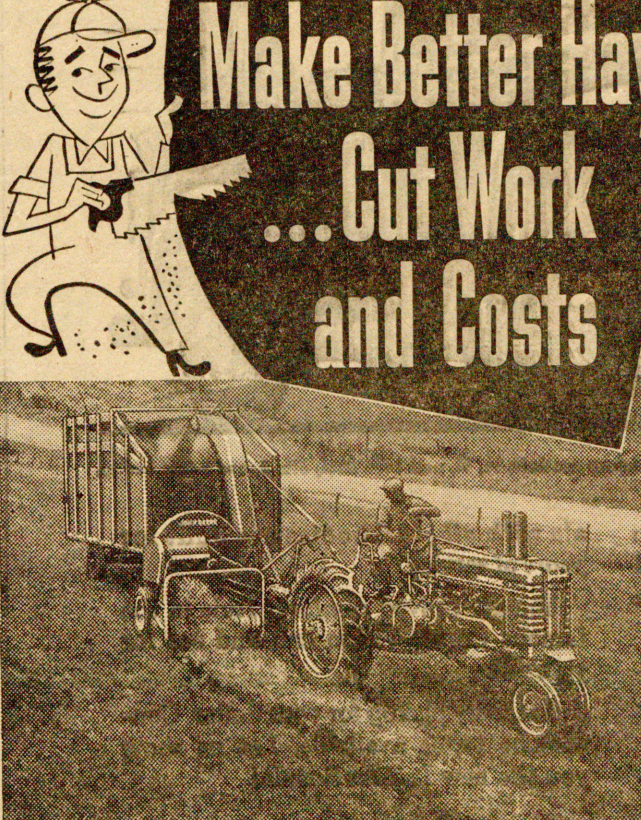

The only exception to the final entrance date is in class Q-1, which is a baby show to be sponsored at 2:30 p. m. Sunday, August 30th. Entries for this event will close at 1 p. m. on the date of the show. Mrs. Nathan Dowell, superintendent of the class said that all babies must show their birth certificates. Divisions for the class will be divided as follows: girl, 6 months to 12 months; girl, 12 months to 24 months; girl, 24 months to 36 months; boy, 6 months to 12 months; boy, 12 months to 24 months; boy, 24 months to 36 months; twins, 6 months to 12 months; twins, 12 months to 24 months; and twins, 24 months to 36 months.

Exhibitors of purebred stock will be required to furnish fair directors of the department with satisfactory proof as to the breeding of the animal on exhibition. Breed names shall be those of the sires in the case of grade animals, the directors announced. Exhibitors will not be permitted to remove animals or articles from the fairgrounds until after 9 p. m. on the last day of the fair without special permission of the director in charge of the class.

Klipp said that the association expects a greater number of entries in the fair than ever have been registered before in the half century history of the event. They said the livestock champion parade will be held at 2 p. m. Sunday afternoon, August 30. LeRoy Reils, general superintendent, will be in charge of the parade.

Judging will begin at 10 a. m. Friday, August 28.

Fairgrounds workers already are at work readying the grounds for family groups, hundreds of which are expected to enjoy picnics while spending the day at the fair.

Make Better Hay
...Cut Work and Costs

with a JOHN DEERE FORAGE HARVESTER

You'll make the most from your hay crop... harvest it cured for the mow or green for silage, with less work and at lower cost with a John Deere Forage Harvester.

With the John Deere you can adjust the length of cut from an easy-to-fork 3-1/2 inches for field-cured hay to a compact-packing 1/2-inch for windrowed green silage crops. What's more, you harvest your crop in an easy, speedy trip through the field to hold muscle-work and costs to rock-bottom.

Chopping hay stretches your crop by making all of it palatable. Converting it to grass silage not only makes a nutritious, economical ration for your livestock, but enables you to save your hay crop when bad weather threatens.

And, the John Deere can be quickly converted for harvesting row crops. See us for details.

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered — and how much I could save!

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide® models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response — right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

Let us demonstrate all the advantages of buying a Chevrolet now!

Harvesting a Better America

Rubbed my eyes yesterday when I saw Hap Jackson's truck in Biff Morgan's alfalfa field ... helping Biff get in his cutting.

Since they've been carrying on a friendly argument for years (over how much fertilizer to use per acre of alfalfa), I had to ask Hap what was going on.

"Got my own crop in safely last week," he says. "And since Biff's boy is at the summer encampment of the National Guard, I figured the least I could do was to help him out. After all," Hap went on, "there's no argument

over how important the National Guard is to all of us."

From where I sit, a fellow like me, who's too old to get in the Guard, can still vote, do a turn at jury duty, and respect others' rights. Even a little thing like respecting a neighbor's right to have, say, beer or buttermilk at dinner is important if we want to keep America strong. We have to be on "guard" in more ways than one these days!

ALPINE

Mrs. E. Mrosek
Orland 41-J-1

The Alpine girl's 4H club was well represented at the South Cook county 4H home economics achievement meeting held in St. Paul's Community church in Homewood, August 4.

While marching to organ music, 4H members were introduced by their leaders and each received a ribbon. The Alpine girls had entries in foods and clothing and one member gave a demonstration. They made a creditable record for themselves.

Those who attended were Carol Molitor, Sharon Lauffer, Kay Maue, Marie Meier, Frances Molitor, Carla Mrosek, and Betty Stollwagen. Dolores Kochene, a prospective member, was also present. Mothers who attended were Mrs. Stollwagen, leader, Mrs. Lauffer, Mrs. Maue and Mrs. Meier.

The Orland Boy's 4H club will meet at Maue school, Monday August 17 at 8 p. m. The problem of transportation for stock to the 4H fair will be further discussed. All money from the sale of tickets and all tickets unsold must be turned in. Dennis and Danny Turay will give talks. They and Ronald Gawlik will furnish refreshments.

There will be a meeting of the Alpine Girl's 4H club at the home of Mrs. Harwood Stollwagen, Monday, August 17 at 8. Aaron Simrell caught evidence this past week that to back up the big fish story he has been telling his friends. While Mr. and Mrs. Simrell were standing at the edge of their fish pond two weeks ago a big fish with a head "so-o-long", dared make its presence known. Aaron resolved to catch the big fellow and did have the pleasure of catching a number of fish of unexpected size from his little pond last week. He believes the big one is still at large but predicts its days are numbered.

Mr. and Mrs. Albert Reeves and family attended the annual

Sorsby family reunion at Chesterton Park in Chesterton, Ind., Sunday. A pot luck picnic was enjoyed. There were games for the children. The feature of the afternoon was the ball game between fathers and sons. Rules of the game were unique. Strikes were called balls, hits were outs and vice versa. Seventy year old "uncle Ab" umpired the game.

The Corbys, Mr. Reeves relatives, have held an annual reunion for almost 50 years. The location rotates between Indiana and Iowa from one year to the next. 102 were present at this event. In the past it has been unusual to have more than 200 at the gathering.

The Albert Reeves entertained at a birthday party for their son, Larry, recently. There was plenty of ice cream, cake, pop and favors for all. All enjoyed playing the games which followed.

Larry received many nice gifts. Guests were his brothers, Marvin and Walter Reeves, Patsy and Sandra Felsch, Carla and Edward Mrosek and Arthur Walker. Except for Arthur, who is a new comer to the district, these same children gathered in celebration of each other's birthday for the past six years. Edward L. Mrosek, the eldest of the children was supposed to have graduated from these parties last year but it didn't take a second invitation for him to sit down at the place that had already been set for him at Larry's party.

Mr. and Mrs. Charles Erickson and son, Mr. and Mrs. Richard Erickson and their sons, Darrell and Duane, a nephew, Ronald Nelson and niece, Rosemary Dempsey, attended the Yunker reunion at Guether Grove in Frankfort, Sunday.

Mrs. McKenzie of New York, Mrs. Mary Fisher and son Dan of Chicago Lawn, and Mrs. Mary Shanon of Chicago, were guests of Mr. and Mrs. Charles Erickson, August 3.

Mrs. Frances Newbauer and daughter Edna of Chicago were visitors in the Charles Erickson home Thursday.

Mr. and Mrs. Henry Hain of Chicago were afternoon guests of Mr. and Mrs. William Felsch Thursday. A coffee klatch was enjoyed under the big trees which shade the Felsch's lawn. Mr. and Mrs. Matt Blasel of East Chicago, parents of Pete Blasel, former owner of the Edward Mrosek property, were guests of Mr. and Mrs. William Felsch, Sunday.

Mr. and Mrs. Henry Felsch and children, Patsy and Sandra, spent the week end of a week ago, in the home of his parents, Mr. and Mrs. John Splitter, in Friendship, Wis., where they had gone to be present at a family reunion, August 2. They report having had a pleasant trip and a good time.

Jerry Gorman is still looking for the golden brown cocker spaniel pet. She disappeared more than two weeks ago with one of her pups, a black cocker spaniel. The dogs were last seen Monday of last week, playing in the Mrosek's oat field.

HOMER

Lockport, R. 1
Telephone Lockport 1387M

The Good Luck camp of Royal Neighbors will meet Thursday afternoon, Aug. 20, with Mrs. Bell Storm, Mary Konow, Margaret Storm and Irene Hansen serving as hostesses. If the day is pleasant, the meeting will be at Dellwood Park, but if rainy, the group will convene at the town hall.

The organ committee of Homer church, assisted by the C. A. C., will sponsor an organ recital at the church this evening, Aug. 13 to which the public is invited. Joe Lyons of Joliet will play. Refreshments will be available.

Mr. and Mrs. Alan Shepherd have returned from a motor trip through the western states. Their sons were guests of their grandparents, Mr. and Mrs. Ed Dailey during their absence.

Reed L. Burch arrived at his parents' home here Monday in the Ercoupe plane which he has recently purchased and reconditioned. He left for Seattle Tuesday and expects to visit his sister Mrs. James Coleman and family in California enroute.

Mr. and Mrs. Roger Myers are enjoying vacations from their respective positions at Globe Aircraft and United Air Lines; they expect to spend part of their free time in Wisconsin.

Mrs. Ethel McClintock of Troy is a guest of her granddaughter Mrs. Floyd Roberts and family.

Visitors in the Robert Burch home during the past week were Mrs. Anna Orlowski of Blue Island, Mrs. C. A. Rowley of Plainfield and Mrs. Fred Meyers Jr. of Joliet.

Mr. and Mrs. Louis Pelkey of New Lenox were guests of their daughter Mrs. John Loucks and family Thursday.

Mr. and Mrs. Willard Rowley were Sunday dinner guests at the Willard Rowley, Jr. home in Princeton, celebrating Willard Sr.'s birthday.

Guests of the King's Daughters at their meeting in the Reed Storm home in Lockport Thursday, were Mrs. Morris Cary of Joliet, Mrs. Walter Kettering, Mrs. Lawrence, Mrs. J. T. White and Miss Anna Kreuger of Lockport and Misses Rita Rodgers of here.

Mrs. Emma West who has been a patient in Silver Cross hospital, is now convalescing at

her home. Rev. and Mrs. Arthur Talbert and son were over night guests of Mr. and Mrs. Willard Rowley Saturday night.

A successful Fellowship dinner was held in Homer church Sunday noon, under the direction of Mrs. John Loucks and Mrs. Wrey White.

A short, but important business meeting will be held next Sunday immediately following the morning service.

The Joe Vancil family of Downers Grove visited relatives here Saturday. Mrs. Vancil and Mrs. Ira Anderson attended the "At Home" in honor of Mrs. Murray Travis of Texas; the affair was arranged by Mrs. Travis' daughters, Mrs. Clara Bridge and Mrs. Marilyn Nordstrom and was a delightful get together of old friends in the Nordstrom home.

Any new members who wish to join the Little Women's 4H club may do so in September. Contact Mrs. Merritt E. Cagwin, Adolph Haley, who has been a Homer resident most of his life, recently sold his personal property and is living at the British Old People's home a Maywood.

Diane Marie Burde has been a house guest for several days in the home of her grandparents,

Mr. and Mrs. John Brier. Everett Holm, who is enjoying a two weeks vacation from his work at the Institute of Technology, Lemont, has, with Mrs. Holm, been spending several days with relatives in Menominee, Wis.

Miss Margaret Farrill who is on vacation, spent Thursday with Miss Bessie Sproat.

HOMER CHURCH

Walter Boyce, Superintendent Sunday school and church services will begin at 9:45 a. m. usual next Sunday.
